Remembering Iosepa Matthew Kester, 2013-02-18 Winner of the Mormon Historical Association Best Community History In the late nineteenth century a small community of Native Hawaiian Mormons established a settlement in heart of The Great

Basin in Utah The community was named Iosepa after the prophet and sixth president of the Church of Jesus Christ of Latter day Saints Joseph F Smith The inhabitants of Iosepa struggled against racism the ravages of leprosy and economic depression by the early years of the twentieth century emerging as a modern model community based on ranching farming and an unwavering commitment to religious ideals Yet barely thirty years after its founding the town was abandoned nearly all of its inhabitants returning to Hawaii Years later Native Hawaiian students at nearby Brigham Young University descendants of the original settlers worked to clean the graves of Iosepa and erect a monument to memorialize the settlers Remembering Iosepa connects the story of this unique community with the earliest Native Hawaiian migrants to western North America and the vibrant and growing community of Pacific Islanders in the Great Basin today It traces the origins and growth of the community in the tumultuous years of colonial expansion into the Hawaiian islands as well as its relationship to white Mormons the church leadership and the Hawaiian government In the broadest sense Mathew Kester seeks to explain the meeting of Mormons and Hawaiians in the American West and to examine the creative adaptations and misunderstandings that grew out of that encounter

Mormon Vanguard Brigade Of 1847 Norton Jacob, 2005-05-20 There are no historical events that have more iconic significance for the people of Utah than the trek of the vanguard company of Mormons west in 1847 Its meaning may vary but overall the march has a highly symbolic and seminal historical importance for virtually all Utahns While the journey has been widely celebrated memorialized and even sanctified and various books have been written about it there is more that can be said and understood about the migration s place in western history about its context including events preceding and following it and about the real experiences of its participants Particularly lacking in most published accounts are the stories of the rank and file members the individuals who in contrast to the well known leadership with Brigham Young at the top might fittingly be called foot soldiers The 1847 company had a military like organization which is captured by Ronald Barney s term brigade in the title Norton Jacob was such a man of the ranks in 1847 He had no special status in the Mormon Church and there was little to make him stand out in the historical record than that he left what is regarded by many trail historians as one of the best and most informative journals of the early Mormon emigration While the heart of Jacob s record concerns the 1847 journey there is much more to it The diary published here begins in 1844 the year of church founder Joseph Smith s murder It continues through the crisis events that followed the Mormons flight from Nauvoo their trudging journey across Iowa to Winter Quarters and the beginnings of mass migration to Utah After the apex of 1847 the arc of the narrative moves through accounts of Jacob s return to Nauvoo late that year and of the much larger Mormon emigration in 1848 It reaches denouement in a short record of his first years in Salt Lake Valley

The Drama of a Rural Community's Life Cycle S. Roy Kaufman, 2020-09-22 Rural communities depend on the health of the agrarian cultures that compose them These cultures grow out of the symbiotic relationship between a particular

landscape and the human community that lives on and uses the land Agrarian cultures had their origin in the development of agriculture and gave birth to the civilizations and empires of history Based on the exercise of hierarchical power characteristic of their nature empires and civilizations are always a threat to the welfare of their agrarian cultures that by nature tend to be local relational reciprocal and ecological This is the story of the three Anabaptist agrarian cultures Swiss German Low German and Hutterian of the Freeman South Dakota rural community and their sojourn within the empires of civilization through the centuries More specifically this is the story of their birth growth maturation and death or rebirth in the particular landscape of the Great Plains to which they came from Russia in the 1870s Here we see the agrarian cultures struggle to adapt to the new environment of the Great Plains and to maintain their unique identity while living within American society This is the drama of a rural community s life cycle *The West* Henry Steele Commager, Marcus Cunliffe, Maldwyn Allen Jones, 1984 **The how and why Wonder Book of Winning of the West** Felix Sutton, 1963 The story of one of the greatest mass migrations in the history of the world Thousands of men and women made the trek across the Mississippi River to seek gold and land in the early days of the American West **The Mormon Quest for the Presidency** Newell G.
