Canton's Pioneers in Flight Kimberly A. Kenney,2008 Canton boasts a rich aviation heritage reaching back to the earliest pioneers of flight Local resident Frank S Lahm founded the Aero Club of Ohio here and his son Frank P Lahm worked with the Wright brothers on some of their earliest test flights William Martin s monoplane the first single wing airplane in the world was invented here Other Canton firsts include Martin s wife Almina the world s first female airplane pilot Bernetta Miller one of the first women to earn a pilot s license and Louise Timken the first woman to own and operate a private jet The Timken Company developed a steel alloy here that allowed planes to fly at higher altitudes     Flight to the Top of the World David L. Bristow,2018-07-01 In his day Walter Wellman 1858 1934 was one of America s most famous men To his contemporaries he seemed like a character from a Jules Verne novel He led five expeditions in search of the North Pole two by dogsled and three by dirigible airship and in 1910 made the first attempt to cross the Atlantic Ocean by air which the self styled expert on aerial warfare saw as a mission of world peace He endured hardships cheated death on more than one occasion and surrounded himself with a team of assistants as eccentric and audacious as he was In addition to his daring adventures Wellman became a nationally known political reporter and unofficial spokesman for the McKinley and Roosevelt administrations He was not the first newspaper sponsored adventurer but more than any of his predecessors he turned exploration into a real time media event and his reputation both flourished and suffered because of it Wellman lived during a time of rapid social and technological change when explorers were racing to fill in the last remaining blank spots on the map and when aviation promised to fulfill humanity s greatest hopes and darkest fears Flight to the Top of the World is a window into Wellman s time and illuminates many of its dreams and contradictions     *The American Architect and Building News*
