## **The Miracle Ministry Of The Prophet:**

The Miracle Ministry of the Prophet Christian Harfouche,1993-11-01 The Miracle Ministry of the Prophet by Dr Christian Harfouche Today in this liberal double minded decade we need to contend earnestly for the God kind of faith not the religious form of faith and not man's opinion of faith but biblical faith Without faith it is impossible to please God and without faith everything we do is dead Dead works will not benefit anyone but faith works will empty a hospital room raise a person from the dead and open the blind eyes Faith works will trigger the power necessary to override impossible circumstances Would you like to see the impossibilities in your life turn around because you by an act of your will are able to biblically trigger the power of God that is resident in you Of course you would That's why I want to pour into your heart confirm and validate what God has already put within you Then you can begin to rise to a level of faith where the manifestation of that invisible faith will become visible In other words the devil will obey when you command him disease will leave when you talk to it the situation will turn around when you confront it because you've got active faith living in you

## **Realms of the Prophetic**

African Instituted Churches Rufus Okikiolaolu Olubiyi Ositelu,2002 One of the striking features of the changed demography of world Christianity has been the emergence and growth of the African Instituted Churches AICs This book is therefore provided for those who desire to study the African initiatives in Christianity The book is intended to serve as a valuable material to teachers and students of African Instituted Churches The customs culture and traditions of the African or any other peoples of the world are to serve as beautiful compliments to the Christian faith and belief and not diametrically opposed to it

*Afro-Christianity at the Grassroots* G.C. Oosthuizen,M.C. Kitshoff,S.W.D. Dube,2023-12-28 The spontaneous and rapid growth of indigenous African Christianity especially in South Africa has undermined the appropriateness of the term mainline for the traditional denominational churches in the area Some of these churches lost more than twenty five percent of their membership in the period 1980 1990 while membership of the indigenous churches increased by a similar percentage in the same period The contributions to this volume are based on grassroots research and each one treats some significant aspect within the life and work of this vast self motivating movement a movement largely ignored for over a century by western oriented Christianity The work of these researchers clearly indicates how it is that African Indigenous Churches with their holistic approach to religion a feature of traditional African religion serve as such a dynamic vehicle in effectively addressing the needs of their flocks A further focus of the essays is on issues faced by these churches within their own church context

**Theology and Social Issues in Africa** Francis Anekwe Oborji,2020-11-22 The Volume speaks to us from the heart and engages the socio political concerns in the Nigerian context through the lens of a theological approach The author reflects

historically the numerous consequences of the amalgamation of the ethnic groups of different orientations in Nigeria into one socio political structure of the colonizers interests This sociopolitical structure raises several questions than answers it pretends to offer the indigenous people From a Nigerian point of view the articles in this volume critically challenge the unjust formation of any nationhood in the Africa context It points out how the sustenance of an unjust nation formation betrays the creed on which such a nation is established Truth conquers all is the spirit with which this Volume is written It is the truth that will set a nation like Nigeria free from the spirit of confusion and unperceived religio socio political syncretism The awareness emanating from this volume suggests liberating steps from the unsuspicious colonial interests and the sustained feigned relationship with the colonizers which militate against the socio political and economic growth and theological orthodoxy of such a growing nation

### **Innovation and Competition in Zimbabwean Pentecostalism**

Ezra Chitando,2021-01-28 Using the concept of a religious market this volume explores how African Traditional Religions and churches within Prophetic Pentecostalism in Zimbabwe seek to attract and retain members and clients Chapters provide extensive coverage of two of the leading churches namely Emmanuel Makandiwa's United Family International Church UFIC and Walter Magaya's Prophetic Healing and Deliverance Ministries PHD Contributors also explore the strategies adopted by Pentecostalism in general while others focus on African Traditional Religions They show that although Prophetic Pentecostalism has gained a significant share of the market in Zimbabwe and in Southern Africa in general it is not without controversy In particular it has been associated with the abuse of women and exploiting members and clients for financial gain Innovation and Competition in Zimbabwean Pentecostalism is an important contribution to understanding the marketization of religion
