New Testament Theology Eckhard J. Schnabel, 2023-11-21 Southwestern Journal of Theology 2023 Book Award Honorable Mention Theological Studies New Testament Theology is a major new contribution to New Testament scholarship by renowned scholar Eckhard Schnabel While many New Testament theologies approach the material through a particular thematic construct e g covenant Schnabel takes a different approach First he focuses on Jesus Messiah and his significance for the early church Second he seeks to describe the theology of the New Testament as it was written and read in its historical context This approach honors the fact that the authors and original readers of the New Testament were real people dealing with real issues in their specific ecclesiological cultural and missiological settings Schnabel comprehensively combines a historical description of the New Testament s theology with a

systematic reflection on the New Testament's message and the convictions of Jesus and his early followers. This valuable contribution to the field will be insightful reading for students, scholars, and pastors. **The Advent of Sun Myung Moon** G. Chryssides, 1991-04-05. Annotation: In writing any account of someone else's religious beliefs and practices, any author must find himself between two poles: what members of the religion wish to tell and what the public wishes to know. Nowhere are these polarities more distant than in the field of new religions. The public wishes to know about recruitment, brainwashing, and fundraising within the Unification Church, while the authors' discussion with UC members elicited far more material on their own inner spiritual life. After consideration, the author has concluded that a common meeting ground is simply not possible and that any book including this one has to be a compromise. The Life of Christ: book 5. The crisis. chap. 3-12. book 6. The Jerusalem period. book 7. The time of suffering Bernhard Weiss, 1884. The Flaming Sword, 1899. **The Life of Christ: The crisis, chapters 3-12. The Jerusalem period. The time of suffering** Bernhard Weiss, 1889. **The Place of Christ in Modern Theology** Andrew Martin Fairbairn, 1893. Cambridge Greek Testament for Schools and Colleges, 1893. **Mennonite Life**, 1994. **The gospel according to S. John** Alfred Plummer, 1896. *Jesus Christ Our Lord* C. Norman Kraus, 1990. C. Norman Kraus challenges some of the unwarranted claims of orthodoxy from a consistent and rigorous biblical position. One of his most significant contributions is the development of the idea that shame and alienation, rather than guilt, control our interpretation of God's vicarious action on our behalf. Kraus provides a more comprehensive biblical vision of salvation than is typical of traditional Western theologies and delineates a discipleship which is authentic without being legalistic. A companion volume to *God Our Savior*. The Gospel According to St. John Alfred Plummer, 1882. **Jesus: the Man, the Mission, and the Message** C. Milo Connick, 1974.
