The Modern Bank Amos Kidder Fiske,2017-09-13 Excerpt from The Modern Bank A Description of Its Functions and Methods and a Brief Account of the Development and Present Systems of Banking The main purpose of this volume is not to set forth or discuss theories and principles or to give a history of banking or an account of different systems but to describe in plain terms the various functions of the present day bank in the United States and the methods by which its work is done It is intended to give as clear an idea as possible of what an up to date bank does and how it is done For this it is necessary to take what may be regarded as a typical bank and deal with its mechanism and methods as all_0t_her_s will be only variations upon it and it would be confusing to attempt an explanation of differences of detail A large commercial institution with a full variety of banking operations in the financial center of the country has been taken as the model and what it does and the manner of doing it fairly represents or sug gests the business and methods of banks in general About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of
