The Morro Castle Tragedy At Sea:

Inferno at Sea Gretchen F. Coyle, Deborah C. Whitcraft, 2012 It was the great disaster of the 1930s a horrific experience for all those aboard the ill fated liner Morro Castle Sailing to New York from anything goes Cuba the luxurious cruise ship was filled with passengers finding an escape from the Great Depression But the night before arriving home the ship became a scene of panic as a raging fire quickly spread killing 137 and sending many overboard The aftermath literally floated into public view on the beach at Asbury Park where the Jersey Shore resort town filled with rescuers press and gawking curiosity seekers from throughout the northeast The charred smoldering ship became a tourist attraction hawkers sold souvenirs and photographs and the dramatic story filled front pages for weeks Controversy and intrigue surrounded the death of the captain as well as the cause of the fire itself and much of the mystery has endured for nearly eighty years But for many of those who survived it was a closed subject they rarely spoke of the events In Inferno at Sea a large format hardcover filled with never before seen photographs we finally hear those personal accounts Survivors tell their stories family and friends share narratives of those lost that night rescuers and volunteers all contribute to give us a rare glimpse into the events of September 8 1934 The fading maritime mystery of the Morro Castle fire remains but those closest to the disaster speculate about what really happened and we gain a new perspective on a famous and tragic shipwreck

Renaissance Lawman

Martin Alan Greenberg, 2020-02-03 Renaissance Lawman The Education and Deeds of Eliot H Lumbard details the life education and public service career of Eliot Howland Lumbard A lawyer who most of his life lived and worked in Manhattan and whose legal career spanned more than fifty years beginning in the early 1950s Lumbard is easily identified as a renaissance lawman for having gained considerable expertise in the operations of the political and justice systems and for proceeding to capitalize on this knowledge to become both an advocate and initiator of progressive reforms for criminal justice His contributions on behalf of public safety have been largely forgotten but throughout this intriguing biography Martin Alan Greenberg successfully juxtaposes many of Lumbard's professional activities with many of the major historical developments and challenges of his time The chronicled events emphasize what motivated the people in his generation to behave as they did since the world today is a much different place than what Americans were experiencing in the first three decades after WW II Cultural and technological changes have combined to make our present day world quite different from over a half century ago Renaissance Lawman proves to be especially rewarding to a wide range of readers interested in police work criminal justice history public service leadership and legal ethics There are no other comparable books on the market Lumbard certainly had a unique legal career and his impactful contributions have seldom if ever been duplicated even if his contributions on behalf of public safety have been largely forgotten

The Morro Castle Hal Burton, 1973 Story of the Morro Castle disaster The cruise ship was caught in a hurricane while traveling from New York to Cuba

Shipwreck Gordon Thomas, Max Morgan-Witts, 2014-07-01 This Edgar Award Finalist by two New York Times bestselling

authors provides an exciting account of the devastating and mysterious cruise ship fire The Washington Post In the early morning hours of September 8 1934 the luxury cruise liner Morro Castle carrying 316 passengers and 230 officers and crew caught fire a few hours out of the New York harbor on a return voyage from Havana The fire spread with terrifying swiftness transforming the ship into a blazing inferno One hundred thirty four people died that night was it an accident Writers Gordon Thomas and Max Morgan Witts prove that the disaster was no accident but was planned meticulously and deliberately by an officer of the Morro Castle His name George White Rogers chief radio officer They also prove that Rogers was responsible for the death of the captain who was poisoned several hours before the fire broke out Shipwreck is a spellbinding moment by moment account of the Morro Castle s last voyage and one of the most spectacular disasters to stir the Atlantic Ocean

Through interviews with survivors rescuers and investigators the authors detail a desperate investigation and the search for a mass murderer Against the backdrop of the Great Depression and the buildup of World War II Shipwreck is a sweeping tale of personal heroism tragedy and murder **Sea Girt Lighthouse** Bill Dunn,2014-04-08 The Jersey Shore lighthouse that stands in Sea Girt has been a guiding beacon for seafarers since the end of the nineteenth century A revolutionary lens designed by Frenchman Augustin Jean Fresnel captured the flickering flame of a burning wick and projected a unique flash that could be seen for fifteen miles The genius of Fresnel s design on full display at the lighthouse impresses as much now as it did in the days of sail Many colorful characters were put in command here including a Civil War soldier a pioneering woman an inventor and for one day the twenty year old daughter of a keeper Sea Girt Lighthouse played an important role in defending the coast during World War II when U S Coast Guard troops stood watch in the tower and patrolled the beaches After its decommissioning the lighthouse served for over two decades as the town library and recreation center but by 1981 it was at risk of being closed and sold That s when a group of community members the Sea Girt Lighthouse Citizens Committee successfully fought to save and preserve the shore landmark Today the lighthouse is the community beacon alive with activity and attracting visitors who flock from around the country and the world to experience its history
