*The Amazon Pattern* Theresa C. Dintino, 2015-06-06 What does it mean to bring indigenous wisdom to the postmodern world How do divination and ritual fit into modern society How does one integrate ancient spiritual teachings into a western mindset while remaining true to the original meaning Notes from a Diviner in the Postmodern World A Handbook for Spirit Workers is a guidebook for both diviners and spirit workers of any tradition In this book Dintino describes what she calls the landscape of the otherworld revealed to her through spirits ancestors archangels elemental and light beings in her divinations Whatever your spiritual tradition there s always a shared landscape of the otherworld Understanding the landscape will help you navigate your own spiritual terrain Learning how to be an effective diviner and spirit worker also means that you must interact fully with the wisdom of the place where you live which includes learning from all living things including mountains and water This powerful handbook teaches you how to heal your world by exploring inter dimensional realms and ultimately becoming a spiritual steward of the Earth When I became a diviner I did not expect to encounter a landscape in the otherworld that I would become familiar with and navigate more easily as I continued to divine I am still exploring this landscape but wanted

to share some of the things I have learned in order to help those interested in the dimensional realms understand better what they are seeing What I have included in this book is not meant to be rigid it is a conversation and a guide      **Descriptive**
