Soul Mates and the Zodiac Athena Starwoman,2002 Soul Mates and the Zodiac Athena Starwoman,2002 **Soul Mates - the Formula** Vincent Sylvan,2013-02-12 Vincent Sylvan has created a formula using astrological influences as a guidepost for finding ones soul mate This formula gives the readers action steps on how to narrow their search along the way to identify this mystical person that Vincent believes we all have These are methods the author has tested and applied himself on his own quest in finding his soul mate After many years of research his first marriage for seventeen years not being able to succeed he experienced divorce and failure This triggered him to find the answers more than ever before and past the prime of his life Sylvan had an awakening and developed the formula to find his other half of his soul the only person who can inspire him to be a better person and take him to greater heights than he could have ever dreamt of by himself or with any other woman Putting into practice the secret to his revelation he finds her on the Internet the hardest place to find his soul mate to put his formula to the test The results surpassed his expectations Vincent realized once more the importance for everyone to find their soul mate to live a life of wonders That is why he created this book For more information on Sylvan visit his blogs to find more about his philosophy and poetry at www.vincentsylvan.com FAMILIAR STRANGERS - Soul Mates, Twin Flames and Their Astrological Synastry Debbie Nagioff,2015-06-03 We encounter many soul mates in this life from the time we are born till the day we die mothers fathers sisters brothers cousins uncles and aunts best friends lovers husbands wives Yet arguably the meeting that has the greatest impact on our lives and our psyche is that between twin flames or twin souls Suffice to say it s a very rare connection indeed My first book *The Twin Flame and other Soul Mate Connections* dealt exclusively with such connections I would say in all honesty that unless you have experienced a twin flame connection then you have no business writing a book about it and pontificating on mere theory If I hadn t experienced such a meeting I doubt I would have had the necessary credentials to write such a book *Familiar Strangers* is primarily a look at the twin soul and soul mate connections but from the astrological point of view It therefore necessitates covering the very basics of astrology from a light coffee table perspective so that readers can go away and research their own charts and move on to more in depth research into astrology and soul connections At the end of this book I have added some of the articles I wrote in my first book *The Twin Flame and other Soul Mate Connections* If you have read that first you can choose to re read those articles or ignore them To all those who have suffered the bereavement of soul mate separation and feel they are truly going insane to those involved in a soul connected relationship they haven t the words to describe or are desperate so to do this book is for you Debbie Nagioff DMS Astrol DPLT 3 June 2015 **Simon Said ...** Kenneth J. Becnel,1996-12 Maria Shaw's Soul Mates and Cell Mates Maria Shaw,2003 *The Unifying Factor* Nekhama Schoenburg,1996-05 In *The Unifying Factor* Nekhama Schoenburg posits that Kabbalistic tradition provides us with the unification theory that modern science is searching for Kabbalah is not a composite of fairy tales or fantastical superstitions but rather it is the science that defines the

very structure and workings of our universe The metaphysical principles that Kabbalah lays out clearly demonstrate how theories like relativity and quantum mechanics are really one and the same Schoenburg discusses three potential reasons why people have steered away from metaphysics fear of the unknown a sense of being overwhelmed by the very existence of the supernatural and the belief that pursuit of knowledge of the supernatural is sacreligious Schoenburg dispels these concerns by providing a road map to indicate exactly where each Kabbalistic principle fits into the grand scheme of existence She also illustrates how the essence of Judaism and many of the principles and practices of Christianity are based on the science of Kabbalah As the title implies the fundamental theme of this book is unity One of its main goals is to alert and convince humankind of the need to bring harmony to all conflicts in our world nations and people ideas theories or forces either physical or metaphysical Schoenburg demonstrates unity s feasibility by illustrating metaphysical principles and insights from diverse sources including classical literature various spiritual doctrines and the natural sciences What results is a picture of unification of physical theories such as general relativity and quantum mechanics and a reconciliation of perceived conflicts such as the theories of evolution and the Big Bang versus the Bible s account of the seven day creation of the world
