Studies In Ancient Israelite Wisdom:

Studies in Ancient Israelite Wisdom James L. Crenshaw, 1976 **Old Testament Wisdom** James L.

Crenshaw, 2010-01-01 For decades James Crenshaw's *Old Testament Wisdom* has been the premier introduction to the wisdom books of the Old Testament. That tradition continues with this newly updated edition. This popular textbook introduces readers to the wisdom tradition as well as the biblical books of Proverbs, Job, Ecclesiastes, Sirach, and the Wisdom of Solomon. In addition, Crenshaw has expanded the discussion to include sapiential works from the Dead Sea Scrolls, the impact of wisdom traditions on the New Testament writers, and a new chapter on knowledge about God and the ancient sages' understanding of revelation. He provides expert analysis of the legacy of wisdom in other parts of the canon and in other cultures, offering new insights and fresh perspectives that can only come from one so well versed on the significance of Old Testament wisdom. **BACK COVER** **Dictionary of the Old Testament: Wisdom, Poetry & Writings** Tremper Longman

III, Peter Enns, 2008-06-06 Tremper Longman III and Peter E. Enns edit this collection of 148 articles by over 90 contributors on Job, Psalms, Proverbs, Ecclesiastes, Song of Songs, Lamentations, Ruth, and Esther. *Was There a Wisdom Tradition?* Mark R. Sneed, 2015-09-07 Essential reading for scholars and students in wisdom studies. This collection of essays explores questions that challenge the traditional notion of a wisdom tradition among the Israelite literati, such as: Is the wisdom literature a genre or mode of literature, or do we need new terminology? Who were the tradents? Is there such a thing as a wisdom scribe, and what would that look like? Did the scribes who composed wisdom literature also have a hand in producing the other traditions, such as the priestly, prophetic, and apocalyptic, as well as other non-sapiential works? Were Israelite sages open to non-sapiential forms of knowledge in their conceptualization of wisdom? Features recent genre theory in distinction from traditional form criticism. Ancient Near Eastern comparative material. A balanced collection that includes essays that seriously challenge and affirm the consensus view, as well as those that reconfigure it. *Education in Ancient Israel* James L. Crenshaw, 1998 The writers of the Bible depended on other sources for much of their work, including the pseudepigrapha made available here in two volumes. [Reading Wisdom and Psalms as Christian Scripture \(Reading Christian Scripture\)](#)

Christopher B. Ansberry, 2024-07-23 This survey textbook offers an accessible introduction to the wisdom books and Psalms in their literary, theological, and canonical contexts. Written by an expert in the Old Testament wisdom tradition and Psalms, this book pays particular attention to theological themes in Proverbs, Job, Ecclesiastes, the Song of Songs, and the Psalter. Christopher Ansberry skillfully connects these themes to comparable themes in the other books discussed in the volume and to the broader biblical canon. He also integrates philosophical concerns and questions. This addition to the Reading Christian Scripture series is an ideal faith-friendly introduction for students of the Old Testament Wisdom literature and Psalms. It features a beautiful full-color design with an abundance of sidebars, images, and other visual aids to enhance the reading experience and facilitate learning. Additional resources for instructors and students are available through Textbook eSources.

Wisdom in Ancient Israel John Day, Robert P. Gordon, Hugh Godfrey Maturin Williamson, 1998 In this collection an international group of specialists considers the nature of wisdom in relation to the thought world of the ancient Near East and its impact on the rest of the Old Testament In addition to full coverage of the wisdom books and other literature most frequently thought to have been influenced by them thematic studies also introduce the principal comparative sources among Israel's neighbours and discuss the place of wisdom in Israelite religion, theology and society Old Testament Wisdom

James L. Crenshaw, 1998-01-01 When *Old Testament Wisdom* appeared in 1981 new perspectives on biblical theology and an increasing awareness of ancient Near Eastern texts resembling biblical wisdom and an emerging interest in ethnic proverbs were mere intimations of what was to become a dramatic outpouring of scholarship on wisdom literature In this expanded edition James Crenshaw takes stock of the wealth of new material produced by contemporary interpreters Liberation and feminists critics scholars in comparative religion specialists in devotional theology and researchers exploring educational systems in the ancient Near East all have enriched our understanding of wisdom literature in recent years and all receive insightful treatment in this new volume Now as before Crenshaw's *Old Testament Wisdom* is an invaluable asset for anyone wishing to understand the rich and complex legacy of wisdom literature *The Solomonic Corpus of 'Wisdom' and Its Influence* Katharine J. Dell, 2020-09-04 Solomon is the figurehead who holds the family of wisdom texts together In this study Katharine Dell argues that a core of Proverbs and Ecclesiastes forms the inner sanctum of the Solomonic wisdom corpus with the Song of Songs as a close relative but Job at one remove Proverbs Ecclesiastes and the Song contain attributions to Solomon and demonstrate key wisdom connections Solomon is also portrayed as an idealized character in the narratives about him in 2 Sam 24 1 Kings 11 He is the embodiment of wisdom thus linking both the narrative portrayal and canonical memory of his significance His connections with Egypt and Sheba shed light on how Solomon gained his reputation for wisdom as do the roles in his court for scribes sages and seers Formative wisdom themes notably that of God as creator characterize the book of Proverbs and also influenced certain wisdom psalms and the prophets Isaiah and Jeremiah texts which share links to wisdom ideas and contexts For these prophets criticism of the wise is a key concern Dell introduces an intertextual method to open up fresh possibilities of ranging together different texts alongside the Solomonic corpus without the constraints of probing literary or historical linkages Ruth is considered with Proverbs Genesis 1 11 with Ecclesiastes and the wider theme of gardens and water in the Hebrew Bible with the Song of Songs While Solomon probably had very little to do with such readerly text play Dell's argument in *The Solomonic Corpus of Wisdom and Its Influence* is that he is the lynch pin that holds wisdom in its core texts and wider family together **Education in Ancient Israel** Fletcher Harper Swift, 1919 Studia Biblica 1978: Papers on Old Testament and related themes Elizabeth A. Livingstone, 1979 **The Theology of the Book of Proverbs** Katharine J. Dell, 2023-08-31 The Book of Proverbs famously contains timeless proverbial advice but Dell's study emphasizes the rich theological traditions within its pages **Early Israelite Wisdom**

Stuart Weeks,1994 This is a new and ground breaking study of the nature and origins of the earliest material in the book of Proverbs drawing on evidence from Israel and neighboring countries in the ancient Near East This literature has been widely believed to have originated as pedagogical material designed for the education of future administrators in the royal bureaucracy from the time of Solomon That belief has played an important part not only in the interpretation of the texts but in reconstructions of Israelite society and history In this book Weeks challenges this belief arguing that it is largely founded on assumptions which are now widely discredited and he sets out to re evaluate the evidence in the light of more recent research Weeks s illuminating conclusions will have important implications for the future study of this material and for our understanding of ancient Israel s society and history *Perspectives on Israelite Wisdom* John Jarick,2015-12-03 This collection of essays examines the wisdom traditions of the Old Testament from a variety of angles The slipperiness of the concept of wisdom literature the transmission of wise advice for living rabbinic and patristic approaches to the Bible s wisdom traditions and cutting edge modern perspectives on such Old Testament books as Proverbs Job and Ecclesiastes are all to be found here In the tradition of the renowned previous volumes from the Oxford Old Testament Seminar King and Messiah in Israel and the Ancient Near East 1998 In Search of Pre Exilic Israel 2004 Temple and Worship in Biblical Israel 2005 and Prophecy and Prophets in Ancient Israel 2010 this new volume again brings the scholarship of the Oxford Seminar here focused on the rich subject of Old Testament wisdom traditions to an international readership **The Wise Men of Ancient Israel and Their Proverbs** Charles Foster Kent,1899 **The Fear of the Lord Is Wisdom** Tremper Longman, III,2017-08-22 A Jesus Creed 2017 Old Testament Book of the Year Wisdom plays an important role in the Old Testament particularly in Proverbs Job and Ecclesiastes Now in paperback this major work from renowned scholar Tremper Longman III examines wisdom in the Old Testament and explores its theological influence on the intertestamental books the Dead Sea Scrolls and especially the New Testament Longman notes that wisdom is a practical category the skill of living an ethical category a wise person is a virtuous person and most foundationally a theological category the fear of the Lord is the beginning of wisdom The author discusses Israelite wisdom in the context of the broader ancient Near East examines the connection between wisdom in the New Testament and in the Old Testament and deals with a number of contested issues such as the relationship of wisdom to prophecy history and law *Love and Thunder, a Spirituality of the Old Testament* John F. Craghan,1983 *Ancient Israelite Religion* Patrick D. Miller,Paul D. Hanson,Samuel Dean McBride,1987
 Israelite Wisdom Samuel L. Terrien,John G. Gammie,1978 *The Literary World* ,1882
