Studies in Islamic and Judaic Traditions William M. Brinner, Stephen David Ricks, 1986 Muslim Writers on Judaism and the Hebrew Bible Camilla Adang, 2021-09-20 Muslim Writers on Judaism and the Hebrew Bible deals with the way in which Judaism and its holy scriptures were viewed by nine medieval Muslim writers representing different genres of Arabic literature Ibn Rabban al abar Ibn Qutayba al Ya q b Ab Ja far al abar al Mas d al Maqdis al B qill n al B r n and Ibn azm After an introductory chapter on the reception of Biblical materials in early Islam and a presentation of the authors under review the book focuses on their knowledge of Judaism and the text of the Hebrew Bible and subsequently discusses issues frequently debated between Muslims and Jews namely the claim that the Torah contains references to Mu ammad and the assertion that the Torah has been both abrogated and falsified In the appendix texts by Ibn Qutayba and al Maqdis are offered for the first time in an English translation **Islamic Culture Through Jewish Eyes** Esperanza Alfonso, 2007-11-13 This book examines Jewish views towards Islam and Muslims in Al Andalus during the early Middle Ages 'Arā'is Al-Majālis Fī Qisas Al-Anbiyā' or "Lives of the Prophets" William M. Brinner, 2002-11-01 These 11th century tales written in many different languages and well known throughout the Muslim world have been read and studied through the years This is however the first complete translation of the Arabic text into English from the story of the creation of the world to the time just before the coming of the Prophet Muhammad and the revelation of Islam It includes tales of prophets who are Biblical figures but also of others not considered prophets in other traditions and contains tales too like The Thousand and One Nights with no prophetic content In the Islamic world this work has been and is still read and enjoyed both as a source of religious study and for simple pleasure **Studies in Islamic and Judaic Traditions** William M. Brinner, Stephen D. Ricks, 1989 Judaism and Islam: Boundaries, Communication and Interaction Benjamin Hary, John Hayes, Fred Astren, 2021-08-04 Several years ago an international conference was held at the University of California to honor Professor William Brinner whose personal scholarship throughout the years has focused on both the Jewish and Muslim historical cultural and intellectual experiences This volume which consists of the works of many of the conference participants is a collection of essays that deal with the interaction of Judaism and Islam over history from different perspectives The book is divided into nine parts introduction overview Jewish Muslim interaction in medieval times Jewish Muslim interaction in modern times Bible and Qur n law philosophy and ethics sectarian communities and language linguistics and literature As a resolution the Arab Israeli conflict slowly edges forward we believe that this publication will serve the purposes of both serious scholarship and better cultural understanding *Studies in Islamic and Judaic Traditions: Introduction* William M. Brinner, Stephen David Ricks, 1986 **Covenant and Chosenness in Judaism and Mormonism** Raphael Jospe, Truman G. Madsen, Seth Ward, 2001 Contains papers given at the conference held at the Center for Judaic Studies at the University of Denver on the relationship between Judaism and Mormonism Studies in the Origins of Early Islamic Culture and

Tradition Michael Cook, 2004 In contrast to the gradual formation of the high cultures of most of the world the process by which Islamic civilisation emerged and took on its classical form between the 7th and 9th centuries was unusually sudden The studies collected here are concerned with aspects of this remarkable development Their topics are varied including the emergence of dialectical theology the origins of accounts of Pharaonic history current in medieval Egypt the sources of Muslim dietary law the Islamic background of Karaism and Max Weber's views on Islamic sects Other articles look at early Syrian eschatology and its connections with late antiquity and Byzantium at the relevance of eschatology to debates about the dating of traditions and at the attitudes of the early traditionists to the writing down of tradition The final items examine reports about the textual affiliations of a long lost Koranic codex and discussions of adultery among the baboons of Yemen A recurring theme is the relationship between Early Muslim ideas and those of non Muslim cultures sometimes very ancient ones
