experienced the thrills of college and professional football firsthand during these years many more encountered the game through their daily newspapers or the weekly Saturday Evening Post on radio broadcasts and in the newsreels and feature

films shown at their local movie theaters Asking what football meant to these millions who followed it either casually or passionately Michael Oriard reconstructs a media created world of football and explores its deep entanglements with a modernizing American society Football claims Oriard served as an agent of Americanization for immigrant groups but resisted attempts at true integration and racial equality while anxieties over the domestication and affluence of middle class American life helped pave the way for the sport s rise in popularity during the Cold War Underlying these threads is the story of how the print and broadcast media in ways specific to each medium were powerful forces in constructing the football culture we know today Primary Education ,1927 Pennsylvania School Journal ,1928 Includes Official program of the meeting of the Pennsylvania State Educational Association sometimes separately paged Comprehensive Dissertation Index, 1861-1972: Education Xerox University Microfilms,1973 **The Journal of the National Education Association**
