## **Studies In The Atonement:**

Studies in the Atonement Robert A. Morey,1989 With the second book of Life Drawings the focus turns to the events those small blessings that God provides for us each day In a series that is quite unique to the market the artist evokes all of the human senses through his skill of combining descriptive art with heartwarming story Perfect for any special occasion with appeal to both male and female audiences      **Studies on the Atonement** Arthur Walkington Pink,2009      **Studies in the Atonement** Willard Nathan Tobie,1914      **STUDIES ON THE ATONEMENT** A. W Pink,rev Terry Kulakowski, Editor,2015-11-30 The death of Christ the incarnate Son of God is the most remarkable event in all history Its uniqueness was demonstrated in various ways Centuries before it occurred it was foretold with an amazing fullness of detail by those men whom God raised up in the midst of Israel to direct their thoughts and expectations to a fuller and more glorious revelation of Himself The prophets of Jehovah described the promised Messiah not only as a person of high dignity and as one who should perform wondrous and blessed miracles but also as one who should be despised and rejected of men and whose labors and sorrows should be terminated by a death of shame and violence In addition they affirmed that He should die not only under human sentence of execution but that it pleased the Lord to bruise Him HE hath put Him to grief Isa 53 10 yea that Jehovah should cry Awake O sword against My Shepherd and against the man that is My Fellow saith the Lord of hosts smite the Shepherd Zech 13 7      **The Satisfaction of Christ, Studies in the Atonement** Arthur W. Pink,2011-05-01 The death of Christ the incarnate Son of God is the most remarkable event in all history Its uniqueness was demonstrated in various ways Centuries before it occurred it was foretold with an amazing fullness of detail by those men whom God raised up in the midst of Israel to direct their thoughts and expectations to a fuller and more glorious revelation of Himself The prophets of Jehovah described the promised Messiah not only as a person of high dignity and as one who should perform wondrous and blessed miracles but also as one who should be despised and rejected of men and whose labors and sorrows should be terminated by a death of shame and violence In addition they affirmed that He should die not only under human sentence of execution but that it pleased the Lord to bruise Him HE hath put Him to grief Isa 53 10 yea that Jehovah should cry Awake O sword against My Shepherd and against the man that is My Fellow saith the Lord of hosts smite the Shepherd Zech 13 7 Arthur Walkington Pink was an English Christian evangelist and Biblical scholar known for his staunchly Calvinist and Puritan like teachings Though born to Christian parents prior to conversion he migrated into a Theosophical society an occult gnostic group popular in England during that time and quickly rose in prominence within their ranks His conversion came from his father s patient admonitions from Scripture It was the verse Proverbs 14 12 there is a way which seemeth right unto a man but the end thereof are the ways of death which particularly struck his heart and compelled him to renounce Theosophy and follow Jesus      **The Double Search** Rufus M. Jones,2023-08-11 Rufus M Jones discusses the importance of Christian atonement and the role that prayer plays in conferring spiritual growth and lasting joy to the believer

Introducing this work on a philosophical note Rufus M Jones quotes Plato's Symposium which famously contains a discussion of the nature of love between Socrates and other Greek thinkers The group's shifting definition eventually evolves to the point where love is thought to be an expression of the eternal Something which is enduring and lasts forever is divine thus a search for the divine is the very definition of love The author turns to the model of Jesus Christ and quickly establishes a discussion upon both prayer and atonement Christ's character and words are examined and his divine origins discussed in the context of Christian belief The notion that Christ is the embodiment of love and therefore an eternal entity crucial for all mankind forms a poignant narrative In the second part the author turns to theories of atonement the process by which Christians attain forgiveness and change their behavior to become closer to God's essence Such recovery from a sinful life is for Rufus Jones a crucial part of the believer's search for truth and love Finally Jones discusses prayer establishing that those who pray form a cohesive whole of faithful souls seeking regular sustained contact with the Lord In all The Double Search is a moving manual of faith grounded in theology and supported by Biblical quotations     **Inductive Studies in Theology**
