Study Of Caste:

A Study of Caste Pokala Lakshmi Narasu, 1988 In Indian context **Caste, a Comparative Study** Arthur Maurice Hocart, 1968 *Indian Caste System*, 1931 *The Routledge International Handbook of Equity and Inclusion in Education* Paul Downes, Guofang Li, Lore Van Praag, Stephen Lamb, 2024-05-13 Providing a cornerstone to the global debate on equity and inclusion within education this handbook explores equity issues pertaining to poverty and social class race ethnicity sociocultural sociolinguistic exclusion in education and recognises intersectionality and gender across these dimensions This carefully curated collection of essays written by international experts promotes inclusive systems in education that explicitly recognise the voices of learners who may be at risk of marginalisation exclusion or underachievement Developing a multilayered innovative conceptual framework involving spatial emotional relational and dialogical turns for education it emphasises key system points for reform including building strategic bridges between health and education for vulnerable groups and shifts in focus for initial teacher education and the wider curriculum The handbook is organised into the following key parts Theoretical Frameworks Funding Models and Structures for Equity and Inclusive Systems Exclusion and Discrimination Bridging Health and Education Agency and Empowerment Outreach and Engagement The Routledge International Handbook of Equity and Inclusion in Education will be of great value to academics operating in the areas of education psychology sociology social policy ethnography cultural studies researchers in university research centres and in policy institutes pertaining to education poverty social inclusion as well as international organisations involved with inclusion in education *A Study of Caste* P Lakshmi Narasu, 2024-04 **Does Caste Matter?** Shakeela Jabbar, 2005 *Migrants, Mobility and Citizenship in India* Ashwani Kumar, R. B. Bhagat, 2021-07-13 This book reconceptualizes migration studies in India and brings back the idea of citizenship to the center of the contested relationship between the state and internal migrants in the country It interrogates the multiple vulnerabilities of disenfranchised internal migrants as evidenced in the mass exodus of migrants during the COVID 19 crisis Challenging dominant economic and demographic theories of mobility and relying on a wide range of innovative heterodox methodologies this volume points to the possibility of reimagining migrants as citizens The volume discusses various facets of internal migration such as the roles of gender ethnicity caste electoral participation of the internal migrants livelihood diversification struggle for settlement and politics of displacement and highlights the case of temporary seasonal and circulatory migrants as the most exploited and invisible group among migrants Presenting secondary and recent field data from across regions including from the northeast the book explores the processes under which people migrate and suggests ways for ameliorating the conditions of migrants through sustained civic and political action This book will be essential for scholars and researchers of migration studies politics governance development studies public policy sociology and gender studies as well as policymakers government bodies civil society and interested general readers Caste system and case studies # indian_society Bhaskar Pandey, 2019-10-15 The caste system

in India is the paradigmatic ethnographic example of caste. It has origins in ancient India and was transformed by various ruling elites in medieval, early modern and modern India, especially the Mughal Empire and the British Raj. It is today the basis of educational and job reservations in India. The caste system consists of two different concepts, *varna* and *jati*, which may be regarded as different levels of analysis of this system. The caste system as it exists today is thought to be the result of developments during the collapse of the Mughal era and the rise of the British colonial regime in India. The collapse of the Mughal era saw the rise of powerful men who associated themselves with kings, priests and ascetics, affirming the regal and martial form of the caste ideal, and it also reshaped many apparently casteless social groups into differentiated caste communities. Go through the book; you can have a piece of very deep knowledge about caste and politics past and till date.

Indian Caste System - A Study C. Hayavadana Rao, 2023-11-25. Indian Caste System: A Study by C. Hayavadana Rao. In issuing this little book on a subject of great complexity but of considerable practical value, I have been guided mainly by two considerations: first, that what has been said on it by observers and writers of some authority should be more widely known among those who are desirous of seriously studying it; and secondly, that the lines that research into it should take hereafter should, if possible, be clearly grasped before any tangible results could be hoped for from it. While no originality whatever is claimed for what is contained in the volume, readers will perceive that no pains have been spared to state the theories concerned in as clear a manner as possible and to limit their discussion to the barest dimensions possible. **Capturing Caste in Law** Annapurna Waughray, 2022-05-11. This book is about the legal regulation of caste discrimination. It highlights the difficulty of capturing caste in international and domestic law and suggests solutions. Its aim is to contribute to the task of understanding how to secure effective legal protection from and prevention of discrimination on grounds of caste and why this is important and necessary. It does this by examining the legal conceptualization and regulation of caste as a social category and as a ground of discrimination in international law and in two national jurisdictions, India and the UK, identifying their complexities, strengths, limitations and potential. Adopting a broadly chronological approach, the book aims to present an account of the role of law in the construction of caste inequality and discrimination and the subsequent legal efforts to dismantle it. The book will be of value to lawyers and non-lawyers, academics and students of human rights, international law, equalities and discrimination, descent-based and caste-based discrimination, minority rights and South Asia and its diaspora. It will be a resource for legal practitioners and those in the public and non-governmental sectors involved in the implementation, interpretation and enforcement of equality law in the UK, the first European country to introduce the word caste into domestic equality legislation and in countries with South Asian diasporas such as the USA. *The Study of Caste in India and the Work of Louis Dumont* John Wilkinson, 1980. *Study of Caste* Narasu Lakshmi P, 1988. **A Study in Caste Ranking** Philip H. Bousley, 1969. *Western Foundations of the Caste System* Martin Färe, Dunkin Jalki, Sufiya Pathan, Prakash Shah, 2017-07-07. This book argues that the dominant descriptions of the caste system are rooted in the

Western Christian experience of India Thus caste studies tell us more about the West than about India It further demonstrates the imperative to move beyond this scholarship in order to generate descriptions of Indian social reality The dominant descriptions of the caste system that we have today are results of originally Christian themes and questions The authors of this collection show how this hypothesis can be applied beyond South Asia to the diasporic cultures that have made a home in Western countries and how the inheritance of caste studies as structured by European scholarship impacts on our understanding of contemporary India and the Indians of the diaspora This collection will be of interest to scholars and students of caste studies India studies religion in South Asia postcolonial studies history anthropology and sociology Deep South Allison Davis, Burleigh Bradford Gardner, Mary R. Gardner, William Lloyd Warner, 1941 **Deep south** Allison Davis, Burleigh B. Gardner, Mary R. Gardner, 1941 *Multiple Identities Management* Clara Kulich, Soledad de Lemus, Natasza Kosakowska-Berezecka, Fabio Lorenzi-Cioldi, 2018-03-13 In this ebook a collection of 18 papers presents empirical research as well as novel theoretical considerations on how multiple identities are being managed by the individuals holding them The papers draw on theories from social psychology in the context of the social identity approach The first chapter presents eight papers on different types of multiple identity configurations in a variety of contexts and the costs and benefits of these configurations for the individual e g well being The second chapter gives insights on how conflict between multiple identities is managed by individuals And the final chapter analyses how multiple identities impact intragroup and intergroup relations **The Quarterly Review of Historical Studies**, 1995 **Caste** Arthur Maurice Hocart, 1968 **The Social Sciences and the Comparative Study of Educational Systems** Comparative Education Society.
