THE MODERN CRIME STORY

The Modern Crime Story

K Morrison

The Modern Crime Story:

The Modern Crime Story Julian Symons,1980 **Crime Stories** Todd Herzog,2009 The Weimar Republic 1918 1933 was a crucial moment not only in German history but also in the history of both crime fiction and criminal science This study approaches the period from a unique perspective investigating the most notorious criminals of the time and the public's reaction to their crimes The author argues that the development of a new type of crime fiction during this period which turned literary tradition on its head by focusing on the criminal and abandoning faith in the powers of the rational detective is intricately related to new ways of understanding criminality among professionals in the fields of law criminology and police science Considering Weimar Germany not only as a culture in crisis the standard view in both popular and scholarly studies but also as a culture of crisis the author explores the ways in which crime and crisis became the foundation of the Republic's self definition An interdisciplinary cultural studies project this book insightfully combines history sociology literary studies and film studies to investigate a topic that cuts across all of these disciplines *Crime, Fear and the Law in True Crime Stories* Anita Biressi,2001-06-26 Why do true crime stories exert such popular fascination What do they have to say about the fear of crime in the present moment This book examines the historical origins and development of true crime and its evolution into distinctive contemporary forms Embracing a range of non fiction accounts true crime book and magazines law and order television popular journalism it traces how they harness and explore current concerns about law and order crime and punishment and personal vulnerability **A History of Crime in England Illustrating the Changes of the Laws in the Progress of Civilisation Written from the Public Records and Other Contemporary Evidence** Luke Owen Pike,1876 **The World Today** ,1929 New York Times Saturday Book Review Supplement ,1962-05 **The Saturday Review of Politics, Literature, Science and Art** ,1910 **The Gentleman's Magazine** ,1895 The Christian Union Henry Ward Beecher,1893 "The" Athenaeum ,1892 The Modern Review Ramananda Chatterjee,1937 Includes section Reviews and notices of books The Academy ,1898 **The New York Times Book Review** ,1976 **The Magazine of Fantasy and Science Fiction** ,1953 **The Publishers Weekly** ,1893 **New York Times Saturday Review of Books and Art** ,1969 Masters of Mystery and Detective Fiction J. Randolph Cox,1989 For more than a century the mystery and detective story has been among the most popular forms of fiction in bookstores and libraries Some writers Edgar Allan Poe or Dashiell Hammett for example have attracted a considerable body of critical response others have been the focus of less scrutiny This bibliography is intended for the student general reader or mystery buff who needs some basic information about the mystery genre and its representative authors Selective rather than exhaustive it serves as an introduction Entries on the life and work of seventy five writers from Margery Allingham Raymond Chandler and Amanda Cross to P D James John D MacDonald Edgar Allan Poe Ellery Queen and Georges Simenon appear **The American Book Collector** W. B. Thorsen,1975 **Creating the Fictional Female Detective** Carla T. Kungl,2006-05-16 This study examines a number of

previously overlooked or undervalued women detective fiction writers of the late 19th and early 20th centuries and traces their relationship to later women writers who shaped the future of the genre Dorothy Sayers Agatha Christie and Gladys Mitchell This work argues that their use of the female detective character served as a means through which they were able to establish their professional authority in the detective fiction genre Women writers employed a variety of narrative strategies to explore the tensions between society's underlying domestic ideology and women's entrance into the work force during this time period Creating female detectives and employing these narrative strategies helped women writers establish professional authority by providing them with ways of expressing their ability to write in this genre and adapting it as a vehicle for women's writing The study examines the critical importance of early female detectives Many critics and editors have dismissed these early detectives as conventional and trite ignoring the genre's rich variety Yet female fictional detectives appear as both paid professionals and gifted amateurs single married widowed older spinsters and young adventurers detecting for pleasure and to clear their own or a loved one's name In choosing to create female detectives who were both varied and unusual women writers confronted some of their own literary anxieties and ultimately were able to explore the ways they would create new routes to women's authority within a male dominated culture and specifically in the genre of detective fiction

Fourteen
Great Detective Stories, 1949
