The Modern Impulse Of Traditional Judaism:

The Modern Impulse of Traditional Judaism Zvi E. Kurzweil, 1985 Het jodendom Hans Küng, 2012-10-04 In dit boek behandelt Küng de complexe religieuze en politieke geschiedenis van drieduizend jaar jodendom Zijn panoramische vergezicht reikt van de tijd dat de Israëlieten aan het eind van het bronzen tijdperk het Beloofde Land innamen tot de huidige staat Israël van de bijbelse tijden van een volk dat door zijn religie overleefde dat de catastrofe van de Holocaust **Modern Judaism** D. Cohn-Sherbok, 1996-07-03 Since the post Enlightenment Jews have fragmented into a variety of sub groups each with their own religious ideology This book provides a description as well as a critique of these various Jewish religious groups and offers an alternative model of Judaism based on an assessment of the nature of contemporary Jewish life As will be seen modern Jews are deeply divided on a wide variety of issues Given this situation no uniform pattern of Jewish existence can be imposed from above nor is it likely to emerge from within the body of Israel What is required instead is a philosophy of Jewish autonomy which legitimizes Jewish subjectivity and personal decision making This philosophy of Judaism which is referred to in this study as Open Judaism provides a new foundation for Jewish life as Jews stand on the threshold of the third millennium **Two Models of Jewish Philosophy** Daniel Rynhold, 2005-03-17 In a work that illustrates how Jewish philosophy can make a genuine contribution to general philosophical debate Daniel Rynhold attempts to formulate a model for the justification of practices by applying the methods of modern analytic philosophy to approaches to the rationalization of the commandments from the history of Jewish philosophy Through critical analysis of the methods of Moses Maimonides and Joseph Soloveitchik Rynhold argues against propositional approaches to justifying practices that he terms Priority of Theory approaches and offers instead his own method termed the Priority of Practice which emphasizes the need for a more pragmatic take on this whole issue Judaism and Islam Stephen Hunt, 2017-03-02 This volume on Judaism and Islam in The Library of Essays on Sexuality and Religion series overviews perceptions of human sexuality through two major monotheistic faiths namely Judaism and Islam Part 1 presents previously published articles on Judaism and sexuality from a historical perspective in particular through the writings of the Tanakh and traditional Judaic attitudes Part 2 focuses more cogently on contemporary themes including both the contestation and defence of conventional Jewish standpoints on sexuality via orthodox and liberal renderings of the faith Part 3 includes articles examining Islamic views of sexuality from a historical perspective Here there is a special focus on the faith's construction of sexual categories as well as the relationship between sexuality gender and patriarchy Part 4 takes a cross cultural and global perspective of the subject with a particular emphasis on the connection between sexuality and moral regulation besides scrutinising varying and contrasting cultural attitudes in Islamic communities today **The modern impulse of traditional Judaism** Zvi Erich Kurzweil, 1985 Studies in Contemporary Jewry Jonathan Frankel, Peter Y. Medding, Ezra Mendelsohn, 1988-05-19 This series is published yearly by the Institute of Contemporary Jewry at The Hebrew University of Jerusalem It is edited by Jonathan Frankel Peter

Medding and Ezra Mendelsohn all distinguished professors of history at The Hebrew University The volumes include symposia articles book reviews and lists of recent dissertations by major scholars of Jewish history from around the world Among the topics examined in this volume are the transformation of Russian Jewish communal life Habsburg Jewry and its disappearance the Bolsheviks and British Jews and the Palestinian labor movement This diverse collection is one of the first attempts to examine the over all impact of the First World War and the Russian revolution on the Jewish people *The Quest for a Common Humanity* Katell Berthelot, Matthias Morgenstern, 2011-04-11 This volume explores the development of the idea of a common humanity for all human beings from Antiquity to the present time focussing on the other as neighbour enemy and infidel on the interpretation of the Biblical story of Abraham s sacrifice and on ancient and modern ethical and legal implications of the concept of human dignity **The Jewish Legacy and the German Conscience** Moses Rischin, Raphael Asher, 1991 Covenant and Community in Modern Judaism S. Daniel Breslauer, 1989-03-13 While scholars agree on the continuing importance of biblical covenant as a foundation of Judaism they often disagree in their perception of the meaning and significance of this concept in a modern context Breslauer addresses the disputed issues in a thorough examination of the debate itself together with the biblical data and theological interpretations that support covenantal religion Searching for new definitions of covenant he suggests ways in which covenantal images offer positive and realistic answers to the problems that modern society poses for the practicing Jew Beginning with an explanation of the basic elements of covenantal Judaism the author explores the problems raised by that paradigm particularly as set forth in the work of Richard Rubenstein Themes considered in the chapters that follow include the problem of being a Jew in contemporary society the nature of human freedom and the implications of covenantal religion for both community and personal identity The discussion draws on major Judaic sources including Hasidic works Talmudic stories and the Bible as well as such contemporary thinkers as Martin Buber Jacob Agus and Will Herberg The author concludes by drawing together the various themes and proposing a covenantal paradigm that affirms Jewish religion as a valid option in the modern world A comprehensive annotated bibliography is supplied Combining historical investigation with constructive analysis of present day issues this book will be of interest to both scholars and general readers concerned with contemporary Judaism

Journal of the American Academy of Religion American Academy of Religion, 1988 **The Torah U-madda Journal** , 1993 **The Seforim Newsletter** , 1985 Shofar , 1985 **The Journal of Jewish Studies** , 1986 **Atlas of the World's Religions** Ninian Smart, Frederick Mathewson Denny, 2007 This superbly illustrated reference work remains the only comprehensive visual guide to the world s religious traditions With text by leading experts and lavish photography thematic maps tables and charts the *Atlas of the World s Religions* Second Edition ranges from the travels of the Buddha to the geographical distribution of modern indigenous faiths providing a full and informative picture of world religion both past and present Through almost 200 full color maps organized in a beautifully designed series of double page spreads this

marvelous atlas shows the historical development and present state of all the world's major religions with color illustrations that show temples sites ceremonies and works of art connected with religious life The updated and expanded second edition provides a comprehensive overview of the major events over time that influenced the geographical development of the world's religions and it provides a global and regional assessment of religion in the modern world There are eight entirely new double page spreads that illuminate such topics as the spread of the Latter day Saints throughout the world Pentecostal Christianities today perhaps numbering more than 500 million adherents or nearly one fourth of the global Christian population contemporary diasporic communities South American religions and much more The second edition also includes extensive updates to many page spreads 20 000 new words of text fresh maps and illustrations a revised introduction by the new editor Frederick Denny an expanded glossary and index and a list of additional resources all of which further enhance the value of the book Both a treasury of information and an exhilarating visual feast *Atlas of the World's Religions Second Edition* is an essential reference work for anyone interested in faith around the globe

The Secret of the Torah Abraham ben Meir Ibn Ezra, 1995 Ibn Ezra addresses the importance of the knowledge of grammar stating that one cannot fully understand the text of the Torah without it He also discusses the study of the Bible and the Talmud arguing that one cannot properly comprehend the Talmud if one does not know the sciences for there are many passages in the Pentateuch and the Talmud that are either incomprehensible or given to misinterpretation by one who has no prior knowledge of the sciences

Torah Umadda Norman Lamm, 1990 Lamm president of Yeshiva University examines whether there is room within a traditional religious education for secular studies He supports the argument that a mixture of traditional religion and worldly knowledge is not only acceptable but recommended Among those whose ideas he examines are Maimonides Samson Raphael Hirsch and Abraham Isaac Kook
