Manifest Destiny's Underworld Robert E. May, 2003-04-03 This fascinating study sheds new light on antebellum America's notorious filibusters the freebooters and adventurers who organized or participated in armed invasions of nations with whom the United States was formally at peace Offering the first full scale analysis of the filibustering movement Robert May relates the often tragic stories of illegal expeditions into Cuba Mexico Ecuador Nicaragua and other Latin American countries and details surprising numbers of aborted plots as well May investigates why thousands of men joined filibustering expeditions how they were financed and why the U S government had little success in curtailing them Surveying antebellum popular media he shows how the filibustering phenomenon infiltrated the American psyche in newspapers theater music advertising and literature Condemned abroad as pirates frequently in language strikingly similar to modern American denunciations of foreign terrorists the filibusters were often celebrated at home as heroes who epitomized the spirit of Manifest Destiny May concludes by exploring the national consequences of filibustering arguing that the practice inflicted lasting damage on U S relations with foreign countries and contributed to the North South division over slavery that culminated in the Civil War

Napoleon and the Marshals of the Empire Rufus Wilmot Griswold, 1885 *Destiny's Obligation* J. Kannegieter, 2004 We are intuitively interested in the history and future of human civilization Most people sense that the distant future will not be determined by fantastical circumstances sometimes depicted in contemporary Science Fiction but rather by decisions made by us and our descendants Destiny's Obligation is a realistic tale of intense drama on Earth and in Space set in the 29th century when typical human fallibility and selfish territorial interests have destroyed civilization in most places The principals are part of a group of space travelers who return to Earth after a 600 year voyage to a nearby star system What these descendants of the original explorers find is as much a surprise to them as it will be to the reader They cannot leave and must first deal with the aggressive inhabitants of a large earth satellite They visit Earth eventually and play a significant role in defeating the feuds that are threatening the survival of human society everywhere

**Destiny's Children** Stephen Baxter, 2016-10-13 A new series that will chart the different evolutionary futures for mankind and chronicle a war that has been fought since the first nano seconds after the Big Bang to the impossibly distant future Collects for the first time in one volume Coalescent Exultant Transcendent Resplendent It is a story that begins with a vivid depiction of the decline of the Roman Empire and which down through the years shows how one woman's determination to protect her daughter has such frightening consequences for mankind's future existence For in that future twenty five thousand years from now mankind is still locked in its twenty thousand year long war for survival with the Xeelee Also included is Resplendent a collection of stories that encompasses mankind's epic fight for survival against the Xeelee a narrative of how man will change and evolve over our epic journey out into the universe *Collaboration and Resistance in Occupied France* C. Lloyd, 2003-09-16 This book is about how people behaved during the German occupation of France

during World War Two and more specifically about how individuals from different social and political backgrounds recorded and reflected on their experiences during and after these tragic events The book focuses on the concepts of treason and sacrifice and takes the form of an introductory overview followed by contextualised case studies in the areas of politics daily life civil administration paramilitary action literature and film      **American Smuggling as White Collar Crime** Lawrence Karson,2014-06-27 When Edwin Sutherland introduced the concept of white collar crime he referred to the respectable businessmen of his day who had in the course of their occupations violated the law whenever it was advantageous to do so Yet since the founding of the American Republic numerous otherwise respectable individuals had been involved in white collar criminality Using organized smuggling as an exemplar this narrative history of American smuggling establishes that white collar crime has always been an integral part of American history when conditions were favorable to violating the law This dark side of the American Dream originally exposed itself in colonial times with elite merchants of communities such as Boston trafficking contraband into the colonies It again came to the forefront during the Embargo of 1809 and continued through the War of 1812 the Civil War nineteenth century filibustering the Mexican Revolution and Prohibition The author also shows that the years of illegal opium trade with China by American merchants served as precursor to the later smuggling of opium into the United States The author confirms that each period of smuggling was a link in the continuing chain of white collar crime in the 150 years prior to Sutherland s assertion of corporate criminality      **The Marshal's Hostage (Mills & Boon Intrigue)** Delores Fossen,2014-05-01 Secrets had torn them apart and reunited them in a way neither had expected      Those Merrick Women Mariella Starr,2020-07-07 A spirited young woman A Marshall who will keep her safe by any means necessary Destiny has rebellion in her blood and she s been fighting for many long years for the freedom to be herself When a chance comes along she ll take her own and those she considers sisters with her The Merrick women go to the only place that allows a woman s voice to be heard the newly formed state of Wyoming The problem is men in Wyoming haven t quite caught onto the idea of what equality means Sawyer was impressed by Destiny when he first met her trying to rescue a friend in dire need of help when he was a Sheriff in Maryland Although his thoughts often rested on his memory of her he had moved on What was a man to do when a woman he can t forget suddenly appears in his life again Well for one he has to convince her that she can t take on the whole dang town and make them think like she does If it requires a trip over his knee to set her straight he s up for the job Publisher s Note This historical western romance contains elements of danger action adventure sensual themes and old fashioned discipline If any of these offend you please do not purchase
