

The Mayan

Hussin A.Rothana

The Mayan:

The Mayan Languages Judith Aissen, Nora C. England, Roberto Zavala Maldonado, 2017-05-12 The Mayan Languages presents a comprehensive survey of the language family associated with the Classic Mayan civilization AD 200-900, a family whose individual languages are still spoken today by at least six million indigenous Maya in Mexico, Guatemala, Belize, and Honduras. This unique resource is an ideal reference for advanced undergraduate and postgraduate students of Mayan languages and linguistics. Written by a team of experts in the field, *The Mayan Languages* presents in depth accounts of the linguistic features that characterize the thirty-one languages of the family, their historical evolution, and the social context in which they are spoken. *The Mayan Languages* provides detailed grammatical sketches of approximately a third of the Mayan languages, representing most of the branches of the family. It includes a section on the historical development of the family as well as an entirely new sketch of the grammar of Classic Maya as represented in the hieroglyphic script. It provides detailed state-of-the-art discussions of the principal advances in grammatical analysis of Mayan languages, includes ample discussion of the use of the languages in social, conversational, and poetic contexts. Consisting of topical chapters on the history, sociolinguistics, phonology, morphology, syntax, semantics, discourse, structure, and acquisition of the Mayan languages, this book will be a resource for researchers and other readers with an interest in historical linguistics, linguistic anthropology, language acquisition, and linguistic typology.

The Mayan Ouroboros Drunvalo Melchizedek, 2012-11-21 There have been many interpretations and predictions about the year 2012, known as the Mayan End Time, touted in everything from books to television commercials. But what do the Mayans themselves have to say about these prophecies? In *The Mayan Ouroboros*, the much anticipated follow-up to his bestselling *Serpent of Light*, spiritual researcher Drunvalo Melchizedek reveals for the first time what Mayan elders have told him about this period. In this book, he explains how to prepare for this transition to a new 13,000-year cycle by learning how to move out of our brain and into our hearts. He shares the Mayan insight of the importance of our heart connection to our survival and ability to thrive during these times. Plus, *The Mayan Ouroboros* reveals the untold positive side of the Mayan prophecies: The Mayan End Time, a seven-year period of transition which began in 2007, the magnetic pole shift that is currently affecting humans around the world, the new ways in which humans will begin to perceive and communicate in the world, the discovery of thousands of ancient Mayan codexes that are currently being decoded by the Mayans.
