The Medici Hawks:

The Medici Hawks Martin Woodhouse, Robert Ross, 1978 Medieval Crime Fiction Anne McKendry, 2019-04-23

Combining elements of medievalism the historical novel and the detective narrative medieval crime fiction capitalizes upon the appeal of all three the most famous examples being Umberto Eco's *The Name of the Rose* one of the best selling books ever published and Ellis Peters' endearing Brother Cadfael series. Hundreds of other novels and series fill out the genre in settings ranging from the so-called Celtic Enlightenment in seventh century Ireland to the ruthless Inquisition in fourteenth century France to the mean streets of medieval London. The detectives are an eclectic group including weary ex-crusaders, former Knights Templar, enterprising monks and nuns and historical poets such as Geoffrey Chaucer. This book investigates the enduring popularity of the largely unexamined genre and explores its social, cultural and political contexts. The Biography Book Daniel S. Burt, 2001-02-28. From Marilyn to Mussolini people captivate people. A E's *Biography* best selling autobiographies and biographical novels testify to the popularity of the genre. But where does one begin? Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians. Each entry includes a brief profile, autobiographical and primary sources and recommended works. Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals. *The British Library General Catalogue of Printed Books 1976 to 1982* British Library, 1983

The Hawk Is Hungry and Other Stories D'Arcy McNickle, 1992-08. These sixteen stories, ten of which have not been previously published, represent the work of one of the most influential Native American writers of the twentieth century. Held by many to be the most important Native Americans to write fiction before N. Scott Momaday, Birgit Hans' introductory essay provides a brief biography of McNickle, sets the stories in the context of his better known work and provides insights into their literary significance. Together they constitute a collection essential to an adequate understanding of McNickle and of the development of Native American fiction.
