The May Fourth Movement in Shanghai Joseph T. Chen,1971      **The May Fourth Movement in Shanghai** Chen,2023-07-31      From the May Fourth Movement to Communist Revolution Xiaoming Chen,2008-06-05 Using the life and work of influential Chinese writer Guo Moruo 1892 1978 reflects on China s encounters with modernity Communism and capitalism      *Reflections on the May Fourth Movement* Benjamin I. Schwartz,2020-08-25 This symposium commemorates the fiftieth anniversary of the May Fourth Movement of 1919 in China This volume contains six essays on various aspects of the movement      **The May Fourth Movement in Shanghai** Joseph Tao Chen,1964      *A Century of Student Movements in China* Xiaobing Li,Qiang Fang,2019-12-02 In this book the authors offer their unique perspectives on the important roles Chinese students and intellectuals played in the shaping of the twentieth century China Their answers to these pivotal questions explore new nationalistic spirit modern world views and willingness of self sacrifice which had attributed to the spontaneous actions of the students as a New Culture emerged during the May Fourth Movement These articles show how China nurtured these spontaneous student movements even though the Nationalist Party in the Republic of China and the Communist Party in the People s Republic had exerted tight control over schools Both governments established organizations as well as operations among students that effectively turned some of the student movements into a political instrument by the parties for their own agenda      The Chinese Enlightenment Vera Schwarcz,1986 It is widely accepted both inside China and in the West that contemporary Chinese history begins with the May Fourth Movement Vera Schwarcz s imaginative new study provides China scholars and historians with an analysis of what makes that event a turning point in the intellectual spiritual cultural and political life of twentieth century China      **The May Fourth Movement: Intellectual Revolution in Modern China** Cezong Zhou,1960 There are few major events in modern Chinese history so controversial so much discussed yet so inadequately treated as the May Fourth Movement For some Chinese it marks a national renaissance or liberation for others a national catastrophe Among those who discuss or celebrate it most views vary greatly Every May for the last forty years numerous articles have analyzed and commented on the movement Several books devoted entirely to the subject and hundreds touching on it have been published in Chinese The literature on the subject is massive yet most of it offers more polemic than factual accounts Most Westerners possess but fragmentary and inaccurate information on the subject For these reasons preparation of this volume recounting the events of the movement and examining in detail its currents and effects has seemed to me worthwhile      **China's May Fourth Movement** Sabaree Mitra,2023-02-28 This book looks at China s May Fourth Movement and how it has been contextualised in modern Chinese history Tracing the roots of the movement and of modern Chinese literary and intellectual traditions the book analyses how the movement transformed ideas culture and social practices in the country The volume presents a critical in depth study of the May Fourth Movement from interdisciplinary perspectives With essays written by scholars and experts from India China and the West it discusses

concepts and themes such as nationalism the citizen and revolutionary morality in the late Qing dynasty as well as Lu Xun's struggle with the aporetic temporalities of capitalist modernity the May Fourth spirit and the Communist Party of China the birth of the New Woman and the literature cinema and art produced during the movement It also examines how the waves created by the movement in Chinese culture and society continue to influence and shape events and thoughts in contemporary times This book will be of interest to scholars and researchers of Chinese Studies Chinese history Asian Studies Asian history political history and cultural history      **The May Fourth Movement** Tse-Tsung Chow,1960

**Touches of History** Pingyuan Chen,2011-05-10 The May Fourth Movement of 1919 is generally seen as the central event in China's transformation from the traditional to the modern It signalled the arrival of effective student activism on the political scene it heralded the success of outspoken anti imperialist ideologies its slogans and pamphlets demonstrated the rhetorical qualities of the new vernacular writing some of its participants went on to become leading cultural and political figures it is said to have given birth to the Communist Party The latter aspect has ensured that a particular narrative of the movement remained enshrined in official Chinese state ideology for many decades a narrative often opposed by those outside China for similarly ideological reasons No movement in modern Chinese history and culture has been more researched yet none has been less understood This award winning book by one of Peking University's most famous professors represents a groundbreaking attempt to return to a study of May Fourth that is solidly grounded in historical fact Favours smaller stories over grand narratives concentrating on unknown marginal materials rather than familiar key documents and highlighting May Fourth's indebtedness to the cultural debates of the preceding late Qing period Chen Pingyuan reconstructs part of the actual historical scenery demonstrating the great variety of ideas expressed during those tumultuous decades
