Language and Literacy in Science Education Jerry J. Wellington,Jonathan Osborne,2001 Science in secondary schools has  
 tended to be viewed mainly as a practical subject and language and literacy in science education have been neglected But  
 learning the language of science is a major part of science education every science lesson is a language lesson and language  
 is a major barrier to most school students in learning science This text explores the main difficulties in the language of  
 science and examines practical ways to aid students in retaining understanding reading speaking and writing scientific
