Federal Housing Policy At President Reagans Midterm:

Federal Housing Policy at President Reagan's Midterm Raymond J. Struyk, Neil Mayer, John A. Tuccillo, 1983 Assesses the Reagan administration's housing record plans and goals

When Federalism Works Paul E. Peterson, Barry G. Rabe, Kenneth K. Wong, 2010-12-01 Twenty years ago cooperative federalism in the form of federal grant in aid programs administered by state and local governments was applauded almost without reservation as the best means of helping the handicapped the educationally disadvantaged the poor and other groups with special needs More recently these same programs have been criticized for excessive regulations and red tape bureaucratic ineptitude and high cost The criticisms have been used to justify efforts to curb federal domestic spending and terminate many grants in aid In *When Federalism Works* Paul E Peterson Barry G Rabe and Kenneth K Wong examine the new conventional wisdom about federal grants Through documentary research and hundreds of interviews with local state and federal administrators and elected officials they consider the implementation and operation of federal programs for education health care and housing in four urban areas to learn which programs worked when and why Why did rent subsidy programs encounter seemingly endless difficulties while special education was a notable success Why did compensatory education fare better in Milwaukee than in Baltimore Among the factors the authors find significant are the extent to which a program is directed toward groups in need the political and economic circumstances of the area in which it is implemented and the degree of professionalism among those who administer it at all levels of government *When Federalism Works* provides a solid introduction to the most important grant in aid programs of the past twenty years and a thoughtful assessment of where they might be going

The Enabling State Neil Gilbert, Barbara Gilbert, 1989-10-19 Over the last two decades new arrangements have emerged for the finance and delivery of social welfare in the United States and other industrial democracies Moving beyond the conventional paradigm of the welfare state these arrangements form an alternative model This study details a fresh vision of social welfare transfers how they are delivered and whom they benefit The authors explore the use of private enterprise and market oriented approaches to the delivery of social provisions and examine how welfare benefits are derived from the full range of modern social transfers including tax expenditures credit subsidies and those induced by regulatory activity Reappraising the modern boundaries of social welfare this book provides insights into the structure and dynamics of a novel social model that will open new avenues for scientific study and public debate

Privatization and Its Alternatives William T. Gormley (Jr.), 1991 Emerging from a conference Racine Wisconsin November 1987 15 papers explore controversies around privatization in a number of policy areas such as education housing and law enforcement in a number of countries and from the perspective of several disciplines Paper edition unseen for 19 75 Annotation copyrighted by Book News Inc Portland OR

 Burchell, 1984 The New Reality of Municipal Finance examines the growth and decline of fiscal dependency in the large cities
 of the United States Intergovernmental cities became dependent upon a variety of revenues primarily from federal and state
 governments to support an array of local public services that were basic to the needs of their citizens This study based upon
 two years of work explores the socioeconomic characteristics of these cities and details the changes they have undergone
 given the drastic shifts in national domestic spending The authors reveal the health level of each city how each will be able to

 presents a concise history of nonfarm housing production progress and policy in the United States This century has been
 divided into a 14 part chronological structure with irregular time intervals in contrast to conventional decade time periods
 This arrangement is intended to reflect more fully the economic and political forces causing short run movements in housing
 output This book treats housing production within a broad economic demographic and political context Special relative
 measures of housing production mortgage debt and household formation have been developed to provide historical
 perspective over the period covered Strong emphasis is placed on the growth and improved quality of the housing stock and
 on the evolution of community facilities essential to safe and sanitary housing and of a mortgage credit system capable of
 supporting rising levels of production and home ownership It analyzes the uneven results of Federal housing legislation
 including the effort to assure equal access for all citizens to housing and mortgage markets and the unfortunate experience
 of the Department of Housing and Urban Development A look ahead to future prospects for housing production concludes the
