The Beast Within:

"The Beast" Within Ron Eddins, 2008-07-17 The Beast Within is an honest and often uninhibited autobiography of a man's search for truth. We travel with Ron as he painstakingly explores the tortuous paths of his past and faces the unfulfilled expectations of the present to discover who he really is and we are provided with an insightful look into the heart and soul of a man's desire for peace of mind. The creation of a web site and pen name that allows him to fulfill his passion to write unfortunately leads him to the discovery of his own weaknesses as well and leads him to fall prey to the mesmerizing influence of his own creation. His battle to recover his soul and the woman whose love helped bring him back makes this a must read for anyone who has ever considered dabbling in the realm of Internet chat rooms. Filled with individualized poetry, spiritual revelation and personal insight, The Beast Within will truly open your mind and heart to the wisdom, truth and enlightenment this simple man offers.

The Beast Within Joyce E. Salisbury, 2012-11-12 Praise for the first edition: a brave and fascinating exploration of an area that has so far been rather neglected by both historical and literary critics. The Beast Within provides extremely valuable information on the legal and cultural background of the human-animal relationship. Studies in the Age of Chaucer. This important book offers a unique exploration of the use of and attitude towards animals from the 4th to the 14th centuries. The Beast Within explores the varying roles of animals as property, food and sexual objects and the complex relationship that this created with the people and world around them. Joyce E. Salisbury takes an interdisciplinary approach to the subject, weaving a historical narrative that includes economic, legal, theological, literary and artistic sources. The book shows how by the end of the Middle Ages the lines between humans and animals had blurred completely, making us recognise the beast that lay within us all. This new edition has been brought right up to date with current scholarship and includes a brand new chapter on animals on trial and animals as human companions as well as expanded and updated discussions on fables and saints and a new section on bestial humans. This important and provocative book remains a key work on the historical study of animals as well as in the field of environmental history more generally and also provides crucial context to ongoing debates on animal rights and the environment.

The Beast Within Adam Douglas, 1994 The Beast Within, 2025 Beauty and the Beast Within Michell Downey, 2007-05 One in twenty drinkers in North America have an alcohol dependency problem and 12% of men and 22% of women suffer from a disease that is alcohol related or die prematurely due to alcohol intake. Statistics show that 85% percent of people in alcohol rehabilitation programs will relapse. This book is a practical addition or alternative to recovery. Learn how to take charge of your life as you read about the author's horrendous true life story and follow her through 31 days of rehabilitation. xD xD This book contains mature subject matter and language.
