**The Good Cook's Book of Salt and Pepper** Michele Anna Jordan, 2015-07-21 It amazes me that so little has been written about the two foods we eat most often. Here is a book that tells us about these two ingredients one essential to life the other the flavor of almost everything we eat. A book like Ms. Jordan's is long overdue. James Peterson's *Salt* is indispensable. *Pepper* is superfluous. Michelle Anna Jordan guides you through this cookbook where salt and pepper is a one word dictionary term in her kitchen vocabulary. You'll learn all there is to know about salt and pepper even so far as to where and how they grow. This exquisite cookbook will go over the necessities of salt and the luxury of pepper via 135 seasoned recipes. Serve your friends, family and party guests with delicious recipes and first hand facts behind the science of one of the culinary world's dynamic duos. *The Good Cook's Book of Salt and Pepper*

separates itself from other competitors by offering scientific facts a healthier exposure to salt and pepper and some interesting worldwide trivia Did you know that India produces the leading amount of pepper and that the United States is its largest consumer Did you know that shrimp and small crustaceans cooked with spices are common throughout Asia and South America And that salt is an essential ingredient in coaxing out the flavor of nearly all grains Recipes in this book include Au poivre rouge steak Three peppercorn bread Roast pork with black pepper Seafood roasted with rock salt Pepper crusted pizza with porcini fontina and sage Skyhorse Publishing along with our Good Books and Arcade imprints is proud to publish a broad range of cookbooks including books on juicing grilling baking frying home brewing and winemaking slow cookers and cast iron cooking We've been successful with books on gluten free cooking vegetarian and vegan cooking paleo raw foods and more Our list includes French cooking Swedish cooking Austrian and German cooking Cajun cooking as well as books on jerk jerky canning and preserving peanut butter meatballs oil and vinegar bone broth and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home
