The Beginnings Of Christology A Study In Its Problems:

The Beginnings of christology Willi Marxsen, 1969 *The Incarnation of God* Hans Küng, 1987-01-01 This work introduces the English speaking reader to the theoretical foundations of Kng s popular works an indispensable prolegomena for every future Christology **The Christian Church** Hans Schwarz, 2007-04-01 With thoroughness and clarity Hans Schwarz presents a historical and systematic understanding of the church its worship and piety its traditions and doctrines its forms and structures This skilled assessment outlines the impact of the church today and analyzes its prospects for the future *Jesus Christ in Modern Thought* John Macquarrie, 2010-06 Here following the example of Rahner and Pannenberg John Macquarrie examines Jesus Christ s humanity to his origin as God Part one considers the New Testament sources including the classical theology period Part two examines the Enlightenment and post Enlightenment critique of classical christology i e studying Jesus Christ as him from above as opposed to his humanity while in part three Macquarrie makes his own christological statement on who Jesus Christ really is for us today *Studies on the Origin of Divine and Resurrection Christology* Andrew Ter Ern Loke, 2023-08-29 The origin and development of divine and resurrection Christologies are among the most important and controversial issues in the study of Christianity One reason why there is a lack of consensus among scholars even though they have access to the same historical material is that different scholars analyze the material differently Building upon his previous monographs *The Origin of Divine Christology* Cambridge University Press 2017 and *Investigating the Resurrection of Jesus Christ* Routledge 2020 Andrew Loke demonstrates the fallacies of reasoning in the analyses of the works of numerous scholars such as Bart Ehrman Paula Fredriksen David Litwa Richard Carrier Raphael Lataster Daniel Kirk Matthew Larsen and Dale Allison Loke defends his proposal that a sizeable group of earliest Christians perceived that Jesus claimed and showed himself to be truly divine and resurrected and replies to objections to his previous works He contributes to the discussion on ancient Jewish monotheism exalted mediator figures comparison with Greco Roman literature Jesus mythicism Markan Christology the historical reliability of the New Testament as well as the use of philosophical and theological categories and the use of psychological studies on parallel apparitions cognitive dissonance mass hysteria pareidolia and memory for the study of early Christology **A Marginal Jew: The roots of the problem and the person** John P. Meier, 1991 In this definitive book on the real historical Jesus one of our foremost biblical scholars meticulously sifts the evidence of 2 000 years to portray neither a rural magician nor a figure of obvious power but a marginal Jew **Textual Criticism and the Synoptic Problem in Historical Jesus Research** Hyeon Woo Shin, 2004 The criteria for originality priority and authenticity used in textual criticism the study of the Synoptic Problem and historical Jesus research share one basic similarity they were all designed to distinguish a prior tradition from its later developments All these areas of research investigate the transmission process which involves both preservation and alteration The sets of criteria used in one area are thus analogous to the sets of criteria used in the other two areas This assumption can be

confirmed by observing numerous instances of such similarity in these sets of criteria On the basis of this assumption many other instances of similarity may be newly attained by adapting the set of criteria used in one area for use in the other two areas The sets of criteria for these three areas of research can be further generalized into a mother set of criteria which will provide us with a degree of methodological unification in these disciplines The End and the Beginning George Weigel,2010-09-14 As March gave way to April in the spring of 2005 and the world kept vigil outside the apostolic palace in Rome the pontificate of Pope John Paul II then drawing to a poignant end was already being described as one of the most consequential in two millennia of Christian history With these words world renowned author and NBC Vatican analyst George Weigel begins his long awaited sequel to the international bestseller Witness to Hope The Biography of Pope John Paul II More than ten years in the making The End and the Beginning Pope John Paul II The Victory of Freedom the Last Years the Legacy tells the dramatic story of the Pope s battle with communism in light of new and recently disclosed information and brings to a close Weigel s landmark portrait of a man who not only left an indelible mark on the Catholic Church but also changed the course of world history When he was elected pope in the fall of 1978 few people had ever heard of the charismatic Karol Wojty a But in a very short time he would ignite a revolution of conscience in his native Poland that would ultimately lead to the collapse of European communism and death of the Soviet Union What even fewer people knew was that the KGB the Polish Secret Police and the East German Stasi had been waging a dangerous decades long war against Wojty a and the Vatican itself Weigel with unprecedented access to many Soviet era documents chronicles John Paul s struggle against the dark forces of communism Moreover Weigel recounts the tumultuous last years of John Paul s life as he dealt with a crippling illness as well as the new world disorder and revelations about corruption within the Catholic Church Weigel s thought provoking biography of John Paul II concludes with a probing and passionate assessment of a man who lived his life as a witness to hope in service to the Christian ideals he embraced **A Theological Book List 1971** Theological Education Fund,1971 **Christological Perspectives** Robert F. Berkey,Sarah A. Edwards,1982 **Missiology** ,1979 An international review The Elusive Presence Samuel Terrien,1978 **An Emerging Cosmotheandric Religion?** Jyri Komulainen,2005 This study gives a detailed analysis of the theology of religions of Raimon Panikkar b 1918 a Catalan born Hindu Christian His radical pluralism is found to be based on his idiosyncratic cosmotheandricism and even to show signs of inclusivism Origins and Method John Coolidge Hurd,1993 *The Bibliotheca Sacra* ,1892 Theological Seminary Bulletin ,1882 Jesus in History, Thought, and Culture Leslie Houlden,2003-12-08 This unique multidisciplinary study views Jesus as one of the most central figures in history with a wide ranging impact on society literature art and philosophy Jesus in History Thought and Culture distills 2 000 years of thinking about Jesus into two intriguing volumes In more than 200 A Z entries internationally recognized scholars summarize views of Jesus from the Gospel writers to contemporary theologians Not only does the book explore Christian liturgy and worship including the long lasting 4th and 5th century

schisms over whether Jesus is human or divine but it examines the position of Jesus in the traditions of other world religions such as Judaism Islam and Hinduism Even outside religion little has been untouched by Jesus s influence Jesus affected social and political theory in his time and continues to do so today The encyclopedia also explores his changing image in art sculpture music and literature pulling disparate fields of study into one powerful resource Scholars students of theology and world religions and other interested readers will all welcome this unique resource
