For all fans of the BMW M3, this book provides the essential background. It is packed with facts and details that make the M3 legend come alive. With over 250 photographs, the book covers the original E30 M3 of 1986 from a homologation special to a status symbol, design and development of the E36 M3, including a new 6-cylinder engine and more body choices, the E46 M3 of 2000 with the developed 6-cylinder S54 engine and gearshift advances, racing success for the E90 series M3s introduced in 2007 with V8 engines, driving, buying, and special editions of all the models.
