The Irony Of Christianitya Pastors Appeal For A Higher Theology And A Lower:

Evangelicals and the End of Christendom Hugh Chilton,2019-12-09 Exploring the response of evangelicals to the collapse of Greater Christian Britain in Australia in the long 1960s this book provides a new religious perspective to the end of empire and a fresh national perspective to the end of Christendom In the turbulent 1960s two foundations of the Western world rapidly and unexpectedly collapsed Christendom marked by the dominance of discursive Christianity in public culture and Greater Britain the powerful sentimental and strategic union of Britain and its settler societies disappeared from the collective mental map with startling speed To illuminate these contemporaneous global shifts this book takes as a case study the response of Australian evangelical Christian leaders to the cultural and religious crises encountered between 1959 and 1979 Far from being a narrow national study this book places its case studies in the context of the latest North American and European scholarship on secularisation imperialism and evangelicalism Drawing on a wide range of archival sources it examines critical figures such as Billy Graham Fred Nile and Hans Mol as well as issues of empire counter cultural movements and racial and national identity This study will be of particular interest to any scholar of Evangelicalism in the twentieth century It will also be a useful resource for academics looking into the wider impacts of the decline of Christianity and the British Empire in Western civilisation

Radical Religion and Violence Jeffrey Kaplan,2015-11-19 Jeffrey Kaplan has been one of the most influential scholars of new religious movements extremism and terrorism His pioneering use of interpretive fieldwork among radical and violent subcultures opened up new fields of scholarship and vastly increased our understanding of the beliefs and activities of extremists This collection features many of his seminal contributions to the field alongside several new pieces which place his work within the context of the latest research developments Combining discussion of the methodological issues alongside a broad array of case studies this will be essential reading for all students and scholars of extremism religion and politics and terrorism

Play and Power in Religion André Droogers,2011-11-30 At a religion s margins a counterpoint can be found for its power center In a creative manner relatively free from clerical control religious virtuosos take new initiatives there Inspired by their experience with the sacred they explore their liberty to play with meanings images and practices Yet the eventual success of such an innovation calls for organization and thus for the exercise of power Accordingly new movements slow down into institutions till a new virtuoso brings the cycle to a fresh start Over the last thirty years Andr Droogers has extensively published on the relation between religion power and play In this collection of essays the most relevant articles are reprinted For this volume Droogers wrote an autobiographical introduction showing how the contingencies of a career may nevertheless lead to a more or less consistent approach In Part I of the book articles are included that represent the basic ideas of Droogers approach with an emphasis on margin inversion ritual and meaning making In part II some of his articles on syncretism and Pentecostalism illustrate his views Part III contains articles that apply the play and power perspective to methodological issues in the study of religion

Infidels and the Damn

Churches Lynne Marks, 2017-06-09 British Columbia is at the forefront of a secularizing movement in the English speaking world. Nearly half its residents claim no religious affiliation and the province has the highest rate of unbelief or religious indifference in Canada. Infidels and the Damn Churches explores the historical roots of this phenomenon from the 1880s to the First World War. Lynne Marks reveals that class and racial tensions fuelled irreligion in a world populated by embattled ministers, militant atheists, turn-of-the-century New Agers, rough living miners, Asian immigrants, and church-going settler women. White working class men often arrived in the province alone and identified the church with their exploitative employers. At the same time BC's anti-Asian and anti-Indigenous racism meant that their whiteness alone could define them as respectable without the need for church affiliation. Consequently, although Christianity retained major social power elsewhere, many people in BC found the freedom to forgo church attendance or espouse atheist views. This nuanced study of mobility, gender, masculinity, and family in settler BC offers new insights into BC's distinctive culture and into the beginnings of what has become an increasingly dominant secular worldview across Canada.

Irish Writers and Religion Robert Welch, 1992-01-01 Irish writing has been influenced by religion from the beginning; indeed, it was the arrival of Christianity which brought Latin orthography, which men of learning adopted. Pagan beliefs were assimilated into Christianity but not entirely so. A theme which is dealt with in the essay on writing in early Ireland, The relationship between the various Irish Churches and writers in the 18th and 19th centuries is examined, as is the influence of folk religion in modern Irish literature. There follow essays on ghosts, Yeats, Synge, Joyce, and Beckett, and on the poets Macneice, Kavanagh, and Desmond Egan. Contributors: Lance St John, Butler, Peter Denman, Desmond Egan, Ruth Fleischmann, A. M. Gibbs, Barbara Hayley, Eamonn Hughes, Anne McCartney, Seamus MacMathuna, Joseph McMinn, Nuala ni Dhomhnaill, Mitsuko Ohno, Daithi O Hogain, Alan Peacock, Patricia Rafroidi, and Robert Welch. Irish Literary Studies Series No. 37.

The Making of American Liberal Theology Gary J. Dorrien, 2001-01-01 This text identifies the indigenous roots of American liberal theology and uncovers a wider, longer running tradition than has been thought. Taking a narrative approach, the text provides a biographical reading of important religious thinkers of the time.

Blessing Same-Sex Unions Mark D. Jordan, 2013-09-03 At most church weddings, the person presiding over the ritual is not a priest or a pastor, but the wedding planner, followed by the photographer, the florist, and the caterer. And in this day and age, more wedding theology is supplied by Modern Bride magazine or reality television than by any of the Christian treatises on holy matrimony. Indeed, church weddings have strayed long and far from distinctly Christian aspirations. The costumes and gestures might still be right, but the intentions are hardly religious. Why, then, asks noted gay commentator Mark D. Jordan, are so many churches vehemently opposed to blessing same sex unions? In this incisive work, Jordan shows how carefully selected ideals of Christian marriage have come to dominate recent debates over same sex unions. Opponents of gay marriage, he reveals, too often confuse simplified ideals of matrimony with historical facts. They suppose, for instance, that there has been a stable Christian tradition of marriage across millennia when, in reality,

Christians have quarreled among themselves for centuries about even the most basic elements of marital theology authorizing experiments like polygamy and divorce Jordan also argues that no matter what the courts do Christian churches will have to decide for themselves whether to bless same sex unions No civil compromise can settle the religious questions surrounding gay marriage And queer Christians he contends will have to discover for themselves what they really want out of marriage If they are not just after legal recognition as a couple or a place at the social table do they really seek the blessing of God Or just the garish melodrama of a white wedding Posing trenchant questions such as these Blessing Same Sex Unions will be a must read for both sides of the debate over gay marriage in America today **Congressional Record** United States.
