The Battle Of Egypt:

The Army at War Great Britain. War Office,1943 **The Battle of Egypt** ,2001 A comic format picture story of the fighting in the Egyptian desert the battle at El Alamein **Dance of War** Peter Bates,1992-09-11 Based on research in England Australia South Africa and New Zealand this is a detailed account and analysis of Rommel s attempt in July 1942 to break through to Cairo and Alexandria and the 8th Army s successful defence and unsuccessful attempts to destroy the Panzerarmee The author a participant in the events described supports the view of some historians that the Battle of Egypt rather than the Battle of Alamein three months later was the turning point of the war in North Africa The battle is set against the background of the many nationalities involved as well as the physical conditions on the battlefield and the urgency of the political context Particular attention is given to the controversy of the armour s failure to support the infantry and reasons for this are canvassed **Voice of Victory** ,1943 **Retrospect of the War in Egypt** Times The,1882 *The War in Egypt and the Soudan* Thomas Archer,1886 *The Battle of Egypt. Revolutionary Emotions in Cold War Egypt recovers this overshadowed revolution of 1951 and the part played by the Canal struggle in the overthrow of the Egyptian monarchy In a study spanning a half dozen international archives the book delves into the divisive court cases and rousing club newspapers intimate memoirs and personal poetry of Egyptian activists These documents reveal that in the early years of the Cold War morality tales and moral emotions were at the heart of the methods and the successes of Egyptian activists What stories did activists tell and how did the emotional appeals and moral talk of Islamist and communist clubs compare How did Arabic speaking populations negotiate moral norms and what role did emotions like love anger and disgust play in political campaigns Taking a journey through Islamic parables about perilous beaches communist adaptations of Greek myths and popular stories about Juha s Nail and Paul Revere s Ride through the Suez Canal this book uncovers a rich history of activist storytelling These practices uncover the mechanics of morality tales and reveal how activists used narratives to convert emotion to motion and drive social change Still vitally important for readers today such findings shed light on how paramilitary groups and protest movements use moral appeals to attract support and why activist campaigns become the controversial epicentre of polarizing emotional battles
