The Battle Of Kadesh:

Perspectives on the Battle of Kadesh Hans Goedicke, 1985 *The Battle of Kadesh* Charles River, 2022-09-13 Africa may have given rise to the first human beings and Egypt probably gave rise to the first great civilizations which continue to fascinate modern societies across the globe nearly 5 000 years later From the Library and Lighthouse of Alexandria to the Great Pyramid at Giza the ancient Egyptians produced several wonders of the world revolutionized architecture and construction created some of the world s first systems of mathematics and medicine and established language and art that spread across the known world With famous leaders like King Tut and Cleopatra it s no wonder that today s world has so many Egyptologists Many battles fought in antiquity remain famous thousands of years later such as Marathon Thermopylae and Cannae mainly due to the belligerents involved and the ways in which the battles changed the course of history However even as people are fascinated by the Egyptians one of the most important battles in antiquity has also been one of the most overlooked the Battle of Kadesh fought by Ramesses II against the Hittites Seeking to spread the area of Egypt s influence and control Ramesses II led his first military campaign as pharaoh into Canaan in 1275 BCE There were many battles fought during this campaign but the one that is recorded in most detail describes Ramesses II fighting one of the Canaanite princes This prince was apparently wounded by an arrow before his army was broken and routed by the Egyptian force In the aftermath of the battle the other princes of Canaan were made prisoners by Ramesses II captured and sent back to Egypt as their lands were plundered by the pharaoh s troops Cowed by Egypt s military power these vassal lands were thereafter forced to provide tribute to Egypt every year which Ramesses II received himself at ruling headquarters he set up for himself in Riblah The Hittite vassal state of Amurru was another one of those captured on this military campaign and the expansion of Egypt s forces into their territory was of great concern to the rulers of the Hittite Empire Hittite forces posed a threat to Ramesses II and his ambitions but his early military successes only led him to plan even further expansion for his empire It was this expansionist attitude that would lead directly to the Battle of Kadesh in the fifth year of his reign In order to achieve his dreams of conquest Ramesses II needed a constant supply of trained forces and a vast cache of weapons With his ambitions now clearly defined the Pharaoh set about creating an industry of war after setting up a new capital he dubbed Pi Ramesses This military industry was primarily set up to support another planned campaign into Hittite territory the capital of Pi Ramesses was located to the northeast of Cairo in the region of the Nile delta inland from Tanis and the Mediterranean Sea and the position of the city itself was possibly motivated by military reasoning The main battle of the campaign took place outside the moderately important city of Kadesh which was located in modern Syria Although Egyptologists historians and archaeologists of the ancient Near East are quite familiar with the battle outside of a few references in films that concern Exodus it has failed to capture the popular imagination despite its critical importance For one thing it is the earliest known pitched battle to be documented and the number of troops deployed by both the Egyptians and Hittites may have

made it the largest battle ever fought up until that point in time The organization of the forces especially the Egyptians is another intriguing aspect of this battle because the Egyptians organized their units into divisions which may be the first such case in history or simply the first time the organization was recorded *The Battle of Kadesh* Christian Jacq,2000 Volume 3 The powerful Hittites have declared war on Egypt and Ramses must do the impossible seize their impregnable fortress at Kadesh with his ragged army even as his powerful bodyguard and right hand man has been arrested suspected of treason

Ramses II and the Battle of Kadesh Regina Goncalves,2008-07-26 Caius Zip the young time traveller will learn the wisdom of Ancient Egypt with the great Pharaoh Ramses II The main architect of the Pharaoh plus the Greek scholar who visited Egypt for studying geometry and the pharaoh's main wife the beautiful Nefertari will teach Caius the principles of geometry After an impressive narration on the effort of the Egyptians in the building of their great monuments Caius will participate in this effort with the calculations of area and volume of the pyramids In the famous battle of Kadesh an important location in present day Syria between the two largest eastern powers of that period the time traveller will help the great pharaoh to win the battle against the Hittite army How Aiding in the construction of traps where he will use his newly acquired knowledge of geometry More than acquiring knowledge this book is also about a young person acquiring maturity growing in the true essence of the word **The Battle of Kadesh Across Ages** Gökyay Honsbeek,2023-10-26

The Battle of Kadesh James Henry Breasted,2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Ramses**

Christian Jacq,1999 To save Egypt from the Hittites Ramses II must face the might of their powerful army whose weapons are vastly superior to Egypt's own War seems inevitable and it is at Kadesh the impenetrable fortress of Northern Syria that the first major battle is to take place But how can Ramses prepare himself for such a battle when the health of his beloved royal wife Nefertari is failing rapidly And how can he be vigilant at home in Egypt where a pro Hittite underground network continues to grow In order to save his dying Queen Ramses needs to travel South in search of the Stone Goddess but the imminent battle to save his entire civilization is to the North Will Ramses father now a celestial god answer his desperate pleas for help and guidance **The Makings of an Event** Lindsey June McCandless,2016 This dissertation examines the packaging and presentation of the Battle of Kadesh as a meaningful Event to both a local Egyptian and a wider Near Eastern audience at pivotal moments in time In 1275 BCE the Egyptian pharaoh Ramses II faced off against the Hittite king Muwatalli at the northern Levantine citadel of Kadesh along the border between the two great empires This confrontation

remains one of the most well studied battles of pre classical times as a result of the lavish attention with which Ramses II commemorated it upon his temple walls in Egypt Still visible today at Abu Simbel Abydos Karnak Luxor and the Ramesseum are the monumental reliefs depicting Ramses II charging into the chaotic fray of combat on his chariot All around him Egyptian troops attack the Hittite army beside the Orontes River which circumscribes the fortified citadel of Kadesh Event is capitalized in this dissertation to refer to the ongoing construction and understanding of the Battle of Kadesh as embedded within specific social contexts Such an approach emphasizes the temporal duration of Events arguing that a crucial component of Events is their continued resonance in the material archaeological and or historical record This dissertation focuses upon three encounters with the Battle of Kadesh reliefs through time to demonstrate the Battle s Event status The initial carving of the Battle of Kadesh reliefs on the temple walls of the Ramesseum during the reign of Ramses II the later addition to the Ramesseum of the Egyptian Hittite peace treaty negotiated in the twenty first year of Ramses II s reign and lastly the Neo Assyrian army s encounter with this corpus on their campaign in the Theban region during the seventh century BCE This dissertation argues that the physicality of the reliefs has the effect of creating as opposed to reflecting the Battle of Kadesh In asking how the internal elements of the reliefs communicate with one another and how the reliefs communicate with their surrounding environment this study demonstrates that meaning is constantly negotiated through the broader social ideological and physical world In so doing it recognizes the role the reliefs play as active participants in various social and temporal settings and it evaluates their efficacy as imperialistic and diplomatic tools utilized during the reign of Ramses II and the reigns of the Neo Assyrian kings in constructing royal ideologies Chapters 5 7 of this dissertation landscape the reliefs at the aforementioned moments in time in order to examine their shifting resonances This includes a description of the permanent changes to the physical landscape of the Ramesseum such as the addition of the Silver Tablet Treaty to the temple walls or the weathering of the stone surfaces as well as the appearance of temporary objects such as festival accouterment that would impact how the reliefs mean to different audiences Likewise each chapter describes the cultural and political expectations of each audience in order to demonstrate that Events comprise the encounter between both the landscape of the relief corpus and the different audiences that visit them These diverse encounters reveal precisely how much an Event s meaning can change through time highlighting how modern historical reconstructions of the Battle of Kadesh are just one more stage in the Event s making

The Transformation of an Ancient Egyptian Narrative

Anthony John Spalinger, 2002 This volume covers the alterations that were performed by Pentawaret the scribe of P Sallier III when he decided to copy the entire text of the Battle of Kadesh Temp Ramesses II The work covers his difficulties with syntax and morphology but also treats the literary aspects of the original composition The intellectual background to Pentawaret and his associates especially their political and literary milieu are covered A specialized chapter treats the palaeography of P Sallier III and additional ones provide the necessary background data concerning the style of the copy and its relationship to

the original hieroglyphic version The final chapter provides a detailed analysis of Egyptian military compositions as literature and a new unpublished war account of Ramesses III in hieratic rounds out the work **Ramses: The Battle of Kadesh** Christian Jacq, 1999-07-05 The third entry in the international bestselling epic saga has the pharaoh summoning strength to face the chaos of war while his court is in disarray Ramses faces the challenge of his reign when the powerful Hittites declare war against Egypt His powerful bodyguard Serramanna suspected of treason has been arrested leaving Ramses to lead his ragged army alone His impossible objective to seize the enemy's impregnable fortress at Kadesh Yet even as the Pharaoh successfully leads his men onward other dark forces conspire to stop him Ramses' sister has sided with their brother Shaanar against him and his beloved Nefertari lies dying the victim of a sorcerer's evil spell With spies everywhere only Ramses can save her But will the gods grant the battle weary king the strength Praise for the series It's Dallas or Dynasty in Egypt with a hero Ramses beautiful women plenty of villains new developments every two pages brothers fighting for power magic enchantments and historical glamour Lib ration France **The Battle of Kadesh** Christian Jacq, 1998-07-01 The Pharaoh Ramses leads his army against the Hittites in an attempt to capture their fortress at Kadesh while his brother and sister conspire against him and his Queen Nefertari is cast under an evil spell **The Texts of the Battle of Kadesh** John Wilson, The battle of Kadesh Raymond O. Faulkner, 1958 **How I Won the Battle of Kadesh** Kent Jackson, 2017-11-17 This is the true account of my participation in the Battle of Kadesh and some of my adventures before and after it The Battle of Kadesh between the ancient Hittites and Egyptians was one of the greatest battles in ancient times Both sides claimed victory but I know who really won This book answers all the questions and sets the record straight In it you will see that much of what you have heard about the battle is not true and many important facts have become lost to history Be thankful that now I a totally unbiased eye witness have stepped forward to tell the story as it really happened *The Encyclopaedia Britannica*, 1888 *Light from the East; or, The witness of the monuments, an introduction to the study of biblical archaeology. [With] A list of the proper names in the Old and New testaments* Charles James Ball, 1899 Battle Of Kadesh, 1300 Bc André Geraque Kiffer, 2024-01-26 The Battle of Kadesh is one of the best known in history because it was the first that could be faithfully reconstructed in detail based on records on both sides of the confrontation Involving the Egyptians under Ramesses II one of the best known pharaohs and the Hittites most allies under King Muwattali this battle for control of Syrian territory in the Levant has received considerable attention by many analysts over the years In the simulation the Egyptian tactical maneuver will have three phases the first being the establishment of divisive defensive devices the second is the erosion and if possible the destruction of most enemy forces and finally the third the conquest of Kadesh fortress Within each division the light regiment chariots acting as a covering force will avoid engaging and will make intense use of its firepower bow and arrows at a distance 2 hexes up to 400 meters and the infantry brigades acting as protective forces will form squares around the archers allowing them to fire as above on the approaching enemy for the
