## **The Bible Unmasked:**

*The Bible Unmasked* Joseph Lewis, 1928      **The Bible Unmasked** Joseph Lewis, 2007-01-01 In taking as my subject for this book the question of the morality or rather the immorality of the Bible I realize at once the importance and delicacy of the subject This is true because what is immoral in one age and time may at some other time be considered moral and what we to day may consider moral and acceptable may at some future date be condemned as being immoral Therefore the subject that I have chosen for my book is as delicate as it is serious as there is always the possibility of saying something that may be entirely at variance with the conceptions of some of us regarding morality and its phases      The Bible Unmasked Humphrey Humdrum, 1930      **The Bible Unmasked** Joseph Lewis, 1951      **The Bible Unmasked** Robert A. Herde, 1983      *The Nation*, 1926      **Unmasking Apocalyptic Texts** Dorothy Jonaitis, 2005 In this original and insightful book Dorothy Jonaitis offers a refreshing alternative to the popular view of biblical apocalyptic writing as gloom and doom fire and brimstone literature Rather she presents it as literature of hope and its authors as people who knew how to use their creative imaginations to communicate their hope filled messages The reader will come to see the apocalyptic authors of both the Old and the New Testaments as dramatists and will learn to preach teach and imagine their writings as dramatic messages to be applied in contemporary times of crisis BOOK JACKET      **The Bible Unmasked** Humphrey Humdrum, 1943      The Bible Unmasked Joseph Lewis, 1938      *The New York Times Book Review*, 1970      *Unmasking Muhammad's Life* Joseph Shafi, 2008-09 Pastor Joseph in a glance He practiced medicine in Egypt and was jailed twice for his evangelism for writing many Arab Christian books and leading Muslims to Christ Pastor Joseph was in charge of two Arabic churches in the US He has traveled throughout the United States and Europe speaking in churches about Islam TV ministry He has also spoken on Arabic Christian television aired in the United States Canada and Mexico At the end of this year he will start to speak on another program which will cover about 90 million Arabic speaking people in the Middle East Europe and North Africa After researching and studying for many years Arab textbooks written by Muslim scholars and historians he wrote two books Behind the Veil Unmasking Islam and Unmasking Muhammad s Life Over 75 000 copies have been sold These books discuss the status of women the slavery in Islam the holy offensive war to expand Islam as well as Islamic Law which include the killing of apostates Content of volume II Shocking facts about Muhammad s life Shocking facts about his friends disciples and successors Documented copies from Arab Muslim scholars and historians textbooks ancient and contemporary The essence of Christianity from the early fathers of the church the holy trinity and the dual nature of Christ in order to answer Muslim questions How to lead Muslim to Christ How can we experience a spiritual awakening in our life and societies revival Authenticity and greatness of the Holy Scriptures      **The Unmasking Style in Social Theory** Peter Baehr, 2019-05-01 This book examines the nature of unmasking in social theory in revolutionary movements and in popular culture Unmasking is not the same as scientific refutation or principled disagreement When people unmask they claim to rip off a disguise revealing

the true beneath the feigned The author distinguishes two basic types of unmasking The first aimed at persons or groups exposes hypocrisy and enmity and is a staple of revolutionary movements The second aimed at ideas exposes illusions and ideologies and is characteristic of radical social theory since the eighteenth century Enlightenment The Unmasking Style in Social Theory charts the intellectual origins of unmasking its shifting priorities and its specific techniques in social theory It also explores sociology's relationship to the concept of unmasking through an analysis of writers who embrace adapt or reshape its meaning Such sociologists include Vilfredo Pareto Karl Mannheim Raymond Aron Peter Berger Pierre Bourdieu Luc Boltanski and Christian Smith Finally taking conspiracy theories accusations of social phobia and new concepts such as micro aggression as examples of unmasking techniques the author shows how unmasking contributes to the polarization and bitterness of much public discussion Demonstrating how unmasking is baked into modern culture yet arguing that alternatives to it are still possible this book is in sum a compelling study of unmasking and its impact upon modern political life and social theory

Adam Szetela, 2025-08-12 An alarming expos of the new challenges to literary freedom in the age of social media when anyone with an identity and an internet connection can be a censor In *That Book Is Dangerous* Adam Szetela investigates how well intentioned and often successful efforts to diversify American literature have also produced serious problems for literary freedom Although progressives are correct to be focused on right wing attempts at legislative censorship Szetela argues for attention to the ways that left wing censorship controls speech within the publishing industry itself The author draws on interviews with presidents and vice presidents at the Big Five publishers literary agents at the most prestigious agencies award winning authors editors marketers sensitivity readers and other industry professionals to examine the new publishing landscape What he finds is unsettling mandatory sensitivity reads morality clauses in author contracts even censorship of dangerous books in the name of antiracism feminism and other forms of social justice These changes to acquisition practices editing policies and other aspects of literary culture are a direct outgrowth of the culture of public outcries on X Goodreads Change.org and other online platforms where users accuse authors justifiably or not of racism sexism homophobia and other transgressions But rather than genuinely address the economic inequities of literary production this current moral crusade over literature serves only to entrench the status quo While the right is remaking the world in its image he writes the left is standing in a circular firing squad Compellingly argued and incisively written the book is a much needed wake up call for anyone who cares about reading writing and the publication of books as well as the
