## **The Jesus Mysteries:**

**The Jesus Mysteries** Timothy Freke, Peter Gandy, 2001-09-25 Drawing on the cutting edge of modern scholarship this astonishing book completely undermines the traditional history of Christianity that has been perpetuated for centuries by the Church and presents overwhelming evidence that the Jesus of the New Testament is a mythical figure Whether you conclude that this book is the most alarming heresy of the millennium or the mother of all revelations The Jesus Mysteries deserves to be read Fort Worth Star Telegram Far from being eyewitness accounts as is traditionally held the Gospels are actually Jewish adaptations of ancient Pagan myths of the dying and resurrecting godman Osiris Dionysus The supernatural story of Jesus is not the history of a miraculous Messiah but a carefully crafted spiritual allegory designed to guide initiates on a journey of mystical discovery A little more than a century ago most people believed that the strange story of Adam and Eve was history today it is understood to be a myth Within a few decades authors Timothy Freke and Peter Gandy argue we will likewise be amazed that the fabulous story of God incarnate who was born of a virgin who turned water into wine and who rose from the dead could have been interpreted as anything but a profound parable Gnostic Visions Luke A. Myers, 2011-04-15 Gnostic texts are filled with encounters of strange otherworldly beings journeys to visionary heavenly realms and encounters with the presence and spirit of the divine In Gnostic visions author and Gnostic scholar Luke A Myers presents evidence demonstrating how Gnostic visions were created and the connection these visions have to naturally occurring visionary compounds that are still in existence today The culmination of more than ten years of research Gnostic Visions advances the understanding of classical ethnobotany Gnosticism and the genesis of early Christian history In this book the author discusses the prehistoric foundations of early human religion as well as the visionary religious traditions of the classical Greeks and Egyptians Using these as a foundation the book presents new and never before seen research explaining how Gnostic visions were created and what types of compounds were used by these ancient people to create them Gnostic Visions presents evidence directly linking visionary Ayahuasca analogs with the creation of Gnostic and Hermetic visionary experiences Gnostic Visions also describes the decline of Gnosticism other visionary practices used in the Dark Ages and gives a brief tour of the visionary plants of the new world In Gnostic visions Myers tells of his personal experience with the divine and includes some of his own reflections of the importance of mankind's relationship to the natural world He communicates that altered states of consciousness have been responsible for many of the most profound mystical religious experiences in human history **Jesus, Lazarus and the Messiah** Charles Tidball, Robert Powell, 2005 Humanity as a whole produced evangelists as mediators who provided revelations that can be understood only gradually These scriptures will be understood more and more as humanity progresses Rudolf Steiner 1911 At the heart of the mystery of Christianity we encounter the divinity of Jesus Christ the revelation of the descent of God from the spiritual world into the material world for the sake of humanity To unveil the meaning of this cosmic event authors Charles Tidball and Robert Powell in two chapters

draw on four very different sources the Gospels themselves medieval and Renaissance tradition and art the visions of Anne Catherine Emmerich and the spiritual science or Anthroposophy of Rudolf Steiner Viewing the former in the light of the latter the authors unravel three key riddles the nature of Jesus the identity of Lazarus and the meaning of his initiatory raising from the dead and the Messianic mystery of the incarnation of the Christ In the process much is learned of the actual dating of the Gospel events as well the repercussions of these events in history This is a book for all those who want a deeper understanding of the New Testament Gospels and especially for those interested in the Jesus mysteries Contents Foreword by Christopher Bamford Introduction The Interrelations Part One Developing an Understanding Frames of Reference Primary Sources Significant Methodology Part Two The Mystery of the Two Jesus Children Biblical Evidence Artistic Evidence Preparation for the Incarnation Alternative Viewpoints Part Three The Mystery of the Beloved Disciple Three Different Views on Lazarus From the Scholarship of Dr K nig From the Visions of Sister Emmerich The John Mystery by Robert Powell The Johannine Tradition by Robert Powell Part Four The Mystery of the Incarnation of the Christ Being Further Understandings from Chronicle of Christ s Ministry Further Material Afterword Appendix Biographical Material Authenticity of Sister Emmerich s Visions The Bare Bones Story 21 BCE CE 44 Selected Entries from Chronicle of Christ s Ministry Three Excerpts from Irene Johanson s Book The Three Disciples Called John Glossary Index      **The liturgical year, tr. by L.
