

A stylized, high-contrast illustration of a landscape. The sky is blue with white clouds and a small airplane. The background features rolling hills in shades of blue and green, with a small red building and smokestacks emitting smoke. In the middle ground, there are several large, white, three-bladed wind turbines and tall, grey electricity pylons with power lines. The foreground consists of a bright yellow field with dark green patches, a winding purple path, and a red car with its trunk open. A small figure of a person is visible on the path.

Behind The Green English Edition:

Beyond the Green Myth Peter G. Sercombe, Bernard Sellato, 2008-03-18 Borneo with its tales of White Rajahs and tribes of headhunters has long excited the Western imagination Today however there is another green imagination at work Mention of the island is more likely to evoke images of tropical deforestation and concern about the cruel dispossession and displacement of indigenous peoples who once lived in relative harmony with their environment It is perhaps not surprising then that most books dealing with the nomadic hunter gatherers of Borneo have principally been pictorial studies There is indeed a dearth of scholarship regarding these peoples a situation that this first ever comprehensive review of nomadic groups in the Borneo rain forest aims to rectify Presenting a wealth of new research contributed by an international team of scholars the volume covers all of those parts of Borneo where nomads called Penan Punan or by various other names are or were known to exist and provides a comparative historical ecological study of these groups The study is primarily concerned with issues of modernization including the monetary economy formalized institutions centralized power structures contractual relationships and extraction activities and development policies The impact of these policies is analyzed with special regard to the natural environment inhabited by these small scale societies as well as the use of its resources The book has no stiff theoretical orientation but informs ongoing debates about changing forms of ethnicity relations between minorities and the state minorities rights and survival native discourse the sustainability of tropical forest use and the neo romantic environmentalist myth of so called wise traditional peoples **THOMAS HARDY Ultimate Collection: 15 Novels, 53 Short Stories & 650+ Poems (Illustrated Edition)** Thomas Hardy, 2023-12-09 The Thomas Hardy Ultimate Collection presents an exhaustive anthology of Hardy's literary contributions encompassing 15 novels 53 short stories and over 650 poems all richly illustrated This meticulously curated collection offers readers a comprehensive exploration of Hardy's themes of love loss and the inexorable power of nature His narrative style blends realism with an acute psychological insight often reflecting the complexities of rural life in Victorian England Students and scholars alike will find the collection invaluable in understanding Hardy's critique of social norms and the predicaments of his often tragic protagonists Thomas Hardy 1840 1928 was a pivotal figure in English literature known for his deep seated connection to the landscape of Wessex which became a crucial backdrop for his narratives His experiences as an architect and the agonies of his personal relationships infused his writing with an authenticity and emotional depth that resonate across time Hardy's transition from poetry to novel writing illustrates his evolving literary ambitions and situates him as a bridge between 19th century romanticism and modernist realism This ultimate collection is a must have for any literary enthusiast offering a profound insight into the works of one of literature's greats Ideal for both casual readers and scholars the anthology invites exploration and re exploration ensuring that Hardy's poignant voice continues to echo in contemporary discourse *Judy, or, The London serio-comic journal*, ed. by C.H.
