Structure And Conflict In Nigeria 1960-65:

Structure and Conflict in Nigeria, 1960-65 ,1976 *Economic Reforms and Modernization in Nigeria, 1945-1965*

Toyin Falola,2004 Created as a result of British colonialism Nigeria emerged as a nation state during the mid 20th century

Toyin Falola presents statistical data on Nigeria's economy that illustrate the nature of the changes made throughout the mid 20th century In Search of Democracy Larry Diamond,2015-07-16 This book evaluates the global status and prospects of

democracy with an emphasis on the quality of democratic institutions and the effectiveness of governance as key conditions for stable democracy Bringing together a wide range of the author's work over the past three decades it advances a

framework for assessing the quality of democracy and it analyzes alternative measures of democracy Drawing on the most recent data from Freedom House it assesses the global state of democracy and freedom as of the beginning of 2015 and it

explains why the world has been experiencing a mild but now deepening recession of democracy and freedom since 2005 A major theme of the book across the three decades of the author's work is the relationship between democratic quality and stability Democracies break down Diamond argues not so much because of economic factors but because of corrupt inept

governance that violates individual rights and the rule of law The best way to secure democracy is to ensure that democracy is accountable transparent genuinely competitive respectful of individual rights inclusive of diverse forms and sources of

participation and responsive to the needs and aspirations of ordinary citizens Viable democracy requires not only a state that can mobilize power to achieve collective goals but also one that can restrain and punish the abuse of power a particularly

steep challenge for poor countries and those with natural resource wealth The book examines these themes both in broad comparative perspective and with a deeper analysis of historical trends and future prospects in Africa and Asia Concluding

with lessons for sustaining and reforming policies to promote democracy internationally this book is essential reading for students and scholars interested in democracy as well as politics and international relations more generally *Nigeria's Critical Election*

John A. Ayoade,Adeoye A. Akinsanya,2012-11-29 Elections have been central to regime collapse in Nigeria because they neither passed the test of citizens acceptability nor electoral neutrality They always pushed the country to a

dangerous brink which she has often survived after serious constitutional and political bruises The general election of 1964 rocked the delicate balance of the country resulting in the military coup of January 15 1966 and a thirty month civil war The

subsequent effort of the military at restructuring the country did not go far enough to win the civic confidence of the people The military availed itself of another opportunity of tinkering with the system in 1993 However it demonstrated that it was

not immune to civic dishonesty when it annulled the widely acclaimed free and fair presidential election in June 12 1993 By fits and starts Nigeria held another election in 1999 which was tolerated only because of citizens fatigue of military rule The

elections of 2003 and 2007 were classic examples of make belief democracy The feeding of inequity and if you will domination persisted A combination of fortune trickery and arm twisting produced a power shift in favour of Dr Goodluck

Ebele Azikwe Jonathan in April 2011 The subsequent attempt by the north to create a strategic consensus did not save it from being pushed into fringe politics forcing some of its spokespersons to vow that they will make governance impossible The election was better than the worst but much still remains to be done

Nigeria's 2019 Democratic Experience

Egodi Uchendu,Olawari D. J. Egbe,2022-06-06 Nigeria's democratisation efforts since attaining political independence from Britain have been tumultuous and have spanned over three successive republics A persistent bug decimating Nigeria's democracy and repeatedly leading to military coups has been brazen electoral violence perpetrated by the nation's political elite Nigeria's 2019 Democratic Experience analyses and explains what went wrong in Nigeria's experiment with democracy Nigeria Africa's most populous nation and the world's seventh most populous nation also contributes 70% of West Africa's population She is sub Saharan Africa's largest oil producer and has remained Africa's largest economy by GDP since 2014 The country has hundreds of diverse ethnic nationalities and languages grouped into 36 states or federating units and an independent federal capital territory Though recognized as Africa's largest democracy her democratisation process since the 1960s has remained tumultuous with massive electoral violence and political intolerance This repeatedly compelled the military to intervene in the nation's political history in the years 1966 1983 and 1985 It is these developments that provided the motivation for this volume to capture for posterity the conduct of the 2019 General Elections in Nigeria
