Notes on the History of Political Struggles in Zhi Dao, The book is the volume of Key Notes on the History of Political Struggles in among a series of books for China Classified Histories **The History of the Struggle for Parliamentary Government in England** Andrew Bisset,1877 The History of the Late Grand Insurrection Or Struggle for Liberty in Ireland ,1805 **The History of Reason in the Age of Madness** John Iliopoulos,2017-07-27

The History of Reason in the Age of Madness revolves around three axes the Foucauldian critical historical method its relationship with enlightenment critique and the way this critique is implemented in Foucault s seminal work History of Madness Foucault s exploration of the origins of psychiatry applies his own theories of power truth and reason and draws on Kant s philosophy shedding new light on the way we perceive the birth and development of psychiatric practice Following Foucault s adoption of limit attitude which investigates the limits of our thinking as points of disruption and renewal of established frames of reference this book dispels the widely accepted belief that psychiatry represents the triumph of rationalism by somehow conquering madness and turning it into an object of neutral scientific perception It examines the birth of psychiatry in its full complexity in the late eighteenth century doctors were not simply rationalists but also alienists philosophers of finitude who recognized madness as an experience at the limits of reason introducing a discourse which conditioned the formation of psychiatry as a type of medical activity Since that event the same type of recognition the same anthropological confrontation with madness has persisted beneath the calm development of psychiatric rationality undermining the supposed linearity absolute authority and steady progress of psychiatric positivism Iliopoulos argues that Foucault s critique foregrounds this anthropological problematic as indispensable for psychiatry encouraging psychiatrists to become aware of the epistemological limitations of their practice and also to review the ethical and political issues which madness introduces into the apparent neutrality of current psychiatric discourse The History of the Norman Conquest of England Edward Augustus Freeman,1877 **A**

as the Zimbabwe African People's Union ZAPU This book investigates the ways in which photographs are being used within Zimbabwe especially on social media to challenge the prevailing narrative and reclaim the memories of the subjugated The book analyses the photographs produced by Zenzo Nkobi during the struggle against colonialism Drawing on the memories of veterans from ZAPU and its military wing the Zimbabwe People's Revolutionary Army ZPRA the book shows that photographs can both act as a conduit for existing narratives and as a tool for shaping memory narratives and evidencing ZPRA military prowess ahead of other movements At a time when Zimbabwe is reassessing the legacy of liberation this book offers a powerful multidisciplinary assessment for researchers across the fields of history memory political science African studies and media studies
