Meaningful Encounters

Paula Ressler, Becca Chase, 2019-04-13 Teaching about the Holocaust presents one of the most formidable challenges teachers face Meaningful Encounters is Paula Ressler and Becca Chase's contribution to the efforts of those educators who wish to meet this challenge more knowledgeably and effectively. It tells the story of a unique inquiry based English teacher education course focused on Holocaust literature from several genres that integrated literacy pedagogies and literary criticism with historical, philosophical, psychological, and political theories and contexts. The book involves the reader in the complicated tangle of Holocaust education, critically illuminating how difficult this work is but also demonstrating how teachers can introduce their students responsibly and ethically to this perennially relevant body of literature. The authors offer no facile solutions to the obstacles and pitfalls inherent in teaching this literature. They raise questions, pose problems, consider and analyze how participants responded to issues that emerged and suggest alternative approaches. The authors recount the students' and teacher's unsettling and enlightening experiences, failures and successes. By following along, preservice educators will be able to conceptualize, discuss and practice, and inservice teachers and teacher educators rethink how to teach Holocaust and other literatures about genocide and mass atrocities in culturally relevant and meaningful ways today

The Phenomenon of Anne Frank David Barnouw, 2018-02-09 Everything you want to know about the Anne Frank phenomenon about the perception and the effect of the text whose writer became an icon is said within these pages. Wolfgang Benz, author of *A Concise History of the Third Reich* While Anne Frank was in hiding during the German Occupation of the Netherlands, she wrote what has become the world's most famous diary. But how could an unknown Jewish girl from Amsterdam be transformed into an international icon? Renowned Dutch scholar David Barnouw investigates the facts and controversies that surround the global phenomenon of Anne Frank. Barnouw highlights the ways in which Frank's life and ultimate fate have been represented, interpreted, and exploited. He follows the evolution of her diary into a book with translations into nearly 60 languages and editions that added previously unknown material, an American play and a movie. As he asks 'Who owns Anne Frank?', Barnouw follows her emergence as a global phenomenon and what this means for her historical persona as well as for her legacy as a symbol of the Holocaust. Reasonable, elegant, sometimes provocative, essential.
