**Games Primates Play, International Edition** Dario Maestripieri, 2012-05-29 Most humans don't realize that when they exchange emails with someone anyone they are actually exhibiting certain unspoken rules about dominance and hierarchy. The same rules regulate the exchange of grooming behavior in rhesus macaques or chimpanzees. Interestingly, some of the major aspects of human nature have profound commonalities with our ape ancestors: the violence of war, the intensity of love, the need to live together. While we often assume that our behavior in everyday situations reflects our unique personalities, the choices we freely make or the influences of our environment, we rarely consider that others behave in these situations in almost the exact the same way as we do. In *Games Primates Play*, primatologist Dario Maestripieri examines the curious unspoken customs that govern our behavior. These patterns and customs appear to be motivated by free will yet they are so similar from person to person and across species that they reveal much more than our selected choices. *Games Primates Play* uncovers our evolutionary legacy: the subtle codes that govern our behavior are the result of millions of years of evolution predating the emergence of modern humans. To understand the rules that govern primate games and our social interactions, Maestripieri arms readers with knowledge of the scientific principles that ethologists, psychologists, economists, and other behavioral scientists have discovered in their quest to unravel the complexities of behavior. As he realizes everything from how we write emails to how we make love is determined by the legacy of our primate roots and the conditions that existed so long ago. An idiosyncratic and witty approach to our deep and complex origins, *Games Primates Play* reveals the ways in which our primate nature drives so much of our lives.

**The Economics of the Publishing and Information Industries** Albert N. Greco, 2014-12-05 Books, scholarly journals, business information, and professional information play a pivotal role in the political, social, economic, scientific, and intellectual life of nations. While publications abound on Wall Street and financial service companies, the relationship between Wall Street's financial service companies and the publishing and information industries has not been explored until now. *The Economics of the Publishing and Information Industries* utilizes substantive historical, business, consumer, economic, sociological, technological, and quantitative and qualitative methodologies to understand the people, trends, strengths, opportunities, and threats the publishing industry and the financial service sector have faced in recent years. Various developments, both economic and demographic, contributed to the circumstances influencing the financial service sector's investment in the publishing and information industries. This volume identifies and analyzes those developments clearly laying out the forces that drove the marriage between the spheres of publishing and finance. This book offers insight and analysis that will appeal to those across a wide variety of fields and occupations, including those in financial service firms, instructors and students in business communications, finance, or economics programs, business and financial reporters, regulators, private investors, and academic and major public research libraries.

nodal points in the adaptation network are tightly interlinked with success for one party potentially auguring for success in other spheres But marked rivalries between these institutional forces also exist with competition characterizing every aspect of the adaptation process This book constructs an overdue sociology of contemporary literary adaptation never losing sight of the material and institutional dimensions of this powerful process     *Publishers' Weekly* ,1877     *A Cumulated Index to the Books of...* ,1900     **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1895     *The Business Quarterly* ,1971     **To-day** ,1873     *The Bookseller* ,1899     **Science** John Michels (Journalist),1886 Vols for 1911 13 contain the Proceedings of the Helminothological Society of Washington ISSN 0018 0120 1st 15th meeting
