Structured Programming With Cobol Examples:

Structured Programming with COBOL Examples Earl H. Parsons, 2002-11 As the conversion of legacy systems continues the ability to understand embedded business rules becomes more and more critical This ability is directly related to the structure of the programs within those systems We also see the need to teach structured programming to a new generation of programmers who must maintain the billions of lines of existing COBOL code The ultimate purpose of this text is to discuss how to judge the level of structure of a program We do this by defining structured programming and then discussing how a structured program can be built through the application of the concepts of coupling and cohesion We also show how embedded business rules of the program can be separated from the data and presentation functions The reader will be able to use these skills to judge and to improve the structure of a new program or an existing program Structured

Although JSP Jackson Structured Programming is most often used with the COBOL language they are usually separately taught This book is an integrated approach which aims to provide benefits of consistency *Structured Programming in COBOL* B. J. Holmes, 1991 The two themes around which this book is written are the design of structured computer programs based on the techniques from Jackson Structured Programming JSP and the methods available for coding these designs in the COBOL language The book uses Standard COBOL in the translation of JSP program designs into COBOL code The programs in the text have been compiled using an ANS 1985 COBOL compiler and because of the subset of language statements used it is also possible to compile the programs using older compilers that conform to the ANS 1974 Standard Courses for which the book is suitable are BTEC National and Higher National Computer Studies City Guilds examinations in computing and degrees in Computer Studies A free lecturer's supplement is provided with a copyright free PC compatible disk incorporating all the illustrative programs in the text **Structured COBOL Programming for the AS400** James
