Stubbs & Wedgwood: Unique Alliance Between Artist and Potter Bruce Tattersall, 1974 **Important British and Old Master Pictures Collected by Paul Mellon, K.B.E.**, 1989 Paul Mellon's Legacy John Baskett, Jules David Prown, Duncan Robinson, Brian Allen, William S. Reese, William J. Reese, Yale Center for British Art, Royal Academy of Arts (Great Britain), 2007-01-01 Paul Mellon 1907-1999 was an unparalleled collector of British art. His collection, now at Yale in the museum and study center he founded to house it, rivals those in Britain's national museums and is unquestionably the most comprehensive representation of British art held outside of the United Kingdom. This book and the exhibition that it accompanies celebrate the centenary of his birth. Five introductory essays examine Mellon's extraordinary collecting activity as well as his role in creating both the Yale Center for British Art and the Paul Mellon Centre for Studies in British Art in London as gifts to his alma mater Yale. 1929 A lavishly illustrated catalogue section showcases 148 of the most exquisite and important paintings, watercolors, drawings, prints, sculpture, rare books, and manuscript material in the Yale Center's collection, including major works by Thomas Gainsborough, Joshua Reynolds, George Stubbs, John Constable, and J. M. W. Turner.

Pevsner: The BBC Years Stephen Games, 2016-03-09 Pevsner: The BBC Years gives the first full account of Sir Nikolaus Pevsner's engagement with the BBC at a time when both were the dominant institutions in their own fields. Pevsner, as the most persuasive figure in architecture and art history, the BBC as the country's sole broadcaster. A German emigré, Pevsner was not at first trusted to speak on the air and was only invited to appear at the very end of the war in spite of his growing eminence in academia and publishing. With the arrival of the Third Programme in 1946, however, he quickly became a broadcasting celebrity and one whom senior BBC figures regarded as essential and novel listening. Pevsner: The BBC Years looks at the sudden rise in Pevsner's standing at the BBC, at what he was admired for, and at the circumstances surrounding his being commissioned in the mid 1950s to give the first series of Reith Lectures on an arts subject: the relationship between visual expression and national identity. The book explains the roles played by Geoffrey Grigson, Basil Taylor, Anna Kallin, and Leonie Cohn in advancing Pevsner's BBC career, analyses the literary character of his broadcasting, and considers the function of his talks as an extension of European belletrism. It also demonstrates the significance of his concurrent editorship of the King Penguin series of books. In addition, Pevsner: The BBC Years documents the unravelling of Pevsner's reputation. It shows how he was caught between changing fashions in media culture and damaged by doubts about the safety of his ideas, both within the BBC and externally among British conservatives who found him too radical and American radicals who found him too conservative. In Pevsner: The BBC Years, correspondence from the BBC's archives provides a case study of scholarly thought being exposed to independent scrutiny, a process with lessons for today. **Britain in the Hanoverian Age, 1714-1837** Gerald Newman, Leslie Ellen Brown, 1997 In 1714 King George I ushered in a remarkable 123-year period of energy that changed the face of Britain and ultimately had a profound effect on the modern era.
