Monty Don,Derry Moore,2024-11-07 For over a decade Monty Don has travelled the world using gardens and green spaces to get under the skin of our most beloved cities and countries Many of his destinations were well known to him For his latest journey though he explored Spain as a relative newcomer and he kept a detailed record of his travels Starting in Madrid and working his way north through the verdant gardens of Galicia the Basque country and Barcelona Monty then heads south to the rugged tropical climes of Mallorca Alicante Andalucia Malaga and Seville It s a chance for him to explore how Spain has evolved from the darker days after the civil war to its successful transition to democracy over fifty years ago tracing those changes through its gardens from the more conventional gardens created after the war to the rich and inventive approaches of contemporary designers Accompanied by Derry Moore s stunning photography Spanish Gardens is a remarkable and personal journey through one of the most popular country destinations on earth

The English Flower Garden William Robinson (F.L.S.),1893 Spanish Gardens and Patios Mildred Stapley Byne,Arthur Byne,2008 Mildred and Arthur Byne explored exceptional Spanish gardens in the 1920s sketching and photographing them in order to share design ideas with fellow enthusiasts in the United States They focused on glazed polychrome tiles and green foliage as the the primary characteristic of a Spanish garden in contrast with a cool white house They also turned their attention to patios as the embodiment of indoor garden and outdoor salon This book is their legacy and offers a multitude of ideas in the forms of architecture hardscaping and landscaping It is also a wonderful tour of historic gardens including the Alhambra and gardens of notables including the Duke of Medinaceli the Duke of Alva Seville and the Marques de Viana Cordova Regions covered include Granada Ronda Las Ermitas Sierra de Cordova and Majorca

Fogle,1987 **Spanish & Portuguese Gardens** Rose Standish Nichols,1924 Gardens for the Senses Javier Mariátegui Valdés,2016 It was not by chance nor by a trick of fate that Javier Mari tegui dedicated himself to gardening He grew up among gardens Both his grandmothers were gardening enthusiasts one of them the Marchioness of Casa Vald s wrote the book Spanish Gardens which describes the history of Spanish gardening from Roman times to the present day This book continues to be a reference for all lovers of this particular field of history and art This enthusiasm was passed on to him by his parents From his earliest years he was making his own gardens by reusing those plants discarded by his father Mari tegui studied landscape gardening and design at the Escuela de Paisajismo y Jardiner a Castillo de Batres in Madrid Subsequently he worked in England as a gardener Back in Spain he established the Jardines de Espa a nursery which looks after and employs handicapped children with whom he first started making gardens For the past thirty years he has created numerous gardens across Spain and in several other European countries He has also published many articles on landscape gardening topics in specialized magazines and a book on one of his gardens El Jard n de los Tapices The Tapestry Garden Among the present garden architects of Spain Mari tegui plays an outstanding role Even the Spanish TV has dedicated a monographic program to him and his gardens It would be difficult to summarize in a few words the essence of Mari teguis gardens given the wide variety of styles their versatility and numerous differences that perhaps becomes his signature His style is not dogmatic he loves order and disorder straight lines and curved the wild chaos of nature as well as strict geometrical patterns varied and single species of plants colour and absence of colour Moreover he enjoys bringing elements that clash together until they harmonize Perhaps as a result of an intimate

knowledge of the magic of water in Andalusian Moorish gardens Mari tegui uses water as an essential element in many of his gardens He makes it work in all its forms in pumps in cascades in constant gentle movement or rocking in waves in disperse drops or in silence like a mirror that adds the magic of its reflection The Garden ,1897 **Architecture and Building**
