*The European Parliament in the Contested Union* Edoardo Bressanelli,Nicola Chelotti,2020-06-09 The European Parliament in the Contested Union provides a systematic assessment of the real influence of the European Parliament EP in policy making Ten years after the coming into force of the Treaty of Lisbon which significantly empowered Europe s only directly elected institution the contributions collected in this volume analyse whether and under what conditions the EP has been able to use its new powers and shape decisions Going beyond formal or normative descriptions of the EP s powers this book provides an up to date and timely empirical assessment of the role of the EP in the European Union focusing on key cases such as the reforms of the EU s economic governance and asylum policy the Brexit negotiations and the budget The book challenges and qualifies the conventional view that the EP has become more influential after Lisbon It shows that the influence of the EP is conditional on the salience of the negotiated policy for the Member States When EU legislation touches upon core state powers as well as when national financial resources are at stake the role of the EP notwithstanding its formal powers is more

constrained and its influence more limited This book provides fresh light on the impact of the EP and its role in a more contested and politicised European Union Bringing together an international team of top scholars in the field and analysing a wealth of new evidence The European Parliament in the Contested Union challenges conventional explanations on the role of the EP tracking down empirically its impact on key policies and processes It will be of great interest to scholars of the European Union European politics and policy making The chapters were originally published as a special issue of the Journal of European Integration     *The EU's External Action Service* Great Britain: Parliament: House of Lords: European Union Committee,2013-03-19 The 2009 Lisbon Treaty created the European External Action Service EEAS to support the work of the newly created post of High Representative Vice President of the Commission HR VP This report assesses the developments in the two years since the formal launch of the EEAS in January 2011 and makes recommendations which are intended to contribute to the HR VP s review of the Service in mid 2013 The report sets out 26 conclusions and recommendations including that the UK Government should look at ways in which EEAS could be used to its advantage in terms of saving costs or increasing influence that Member States should clarify what they want the EEAS to do which should include improved collection use and dissemination of political intelligence and better co ordination of the use of the EU s different instruments within particular regions     *The European Public Sphere and the Media* A. Triandafyllidou,R. Wodak,Micha? Krzy?anowski,2009-06-25 This book contributes to the theoretical and policy debate on the existence of a European public sphere It presents a critical discussion of the links between media history and politics in Europe today examining the re organization of ideological and political dimensions and debates the existence of a European editorial culture
