Sultanas Dream And Selections From The Secluded Ones:

Sultana's Dream and Selections from The Secluded Ones Rokeyā (Begama), Hanna Papanek, 1988 Tells the story of a feminist utopia and discusses the Muslim custom of purdah the seclusion and segregation of women *Sultana's Dream* Rokeyā (Begama), 1988 **Sultana's Dream, And Selections from the Secluded Ones, Edited and Translated by Roushan Jahan** Begum Rokeya, 1988 **Sultana's Dream** Rokeya Sakhawat Hossain, 1988 Contains a short story Sultan s dream which exposes the injustices of purdah and imagines the possibilities of women s power unleashed and selections from The secluded one a series of vignettes documenting women s experiences of purdah Publisher s description *The Avant-Garde and the Margin* Sanja Bahun-Radunovic, V.G. Julie Rajan, 2009-03-26 The collection of essays The Avant garde and the Margin New Territories of the Modernist Avant garde refigures the critical and historical picture of the modernist avant garde by introducing a variety of less commonly discussed geo artistic sites and dynamics The contributors explore the multifaceted relations established between the avant garde centers France Germany England and others and their counterparts in the cultural periphery Greece India Japan Poland Quebec Romania and the former Yugoslavia as well as the unique artistic and literary dialogues which these encounters engendered The primary concern of the anthology is the set of relations established between the center and the margin the redefinition of which was pivotal for the formulation of the modernist avant garde aesthetic project itself While enriching the kaleidoscopic picture of modernism the essays in this collection also offer new methodological approaches to this polychrome cultural image In this way the collection avoids the pitfalls of both the traditional diffusionist Eurocentric model of the world and the more recent over relativization of the positions of the margin and the center In their stead the anthology proposes a hermeneutics of encounter that is simultaneously spatial and historical aware of its limits but convinced of its own necessity **Sultana's Sisters** Haris Qadeer, P. Religion and Science Fiction James H. Thrall, 2024-05-17 *Religion and Science Fiction* An Introduction guides students into deeper understanding of how religion and science fiction engage often overlapping questions This textbook introduces key ideas of religious studies through critical consideration of print and visual media that fall within the general category of science fiction The goal throughout is to help students move beyond simply identifying points of interrelation between religious studies and forms of what is often called more broadly speculative fiction to considering how the studied texts open new ways of thinking about human and nonhuman experience taken to be religious With discussion questions lists of key terms extensive additional resources and suggestions for projects and essay questions this book is a foundational text for students and instructors of religion and science fiction

Trans-imperial Feminism in England and India Kellie Holzer, 2024-11-25 *Trans imperial Feminism in England and India* Catherine Dickens Marie Corelli and Rokeya Sakhawat Hossain demonstrates the trans imperial dimensions of gender based oppression and traces the emergence of trans imperial feminist consciousness between England and India The book identifies a new constellation for literary studies that links the demise of Charles and Catherine Dickens's marriage in the midst of an imperial crisis the 1857 Sepoy Rebellion Marie Corelli's use of elements of the Dickens Scandal in her 1896 novel *The Murder of Delicia* and Rokeya Sakhawat Hossain's 1922 translation and critical adaptation of Corelli's novel *Delicia Hatya* Further the book also offers a richly contextualized reading of Hossain's 1924 *New Woman* novel *Padmarag* to demonstrate the culmination of trans imperial feminist consciousness Kellie Holzer coins the term trans imperial feminism to denote a dispersed feminist formation of the late nineteenth and early twentieth centuries characterized by ambivalent agency asymmetry feminist snaps that resound across empire and partisanship forged through storytelling Combining the methods of area studies and critical comparativism Holzer's analysis demonstrates how the trans imperial circulation and citation of women's stories both lived and fictional rescripts women's lives and imagines new feminist constituencies Ultimately Holzer suggests that such trans imperial aesthetic pairings have the potential to revivify Victorian Studies
