*Frank Leslie's Pleasant Hours* ,1885    **Auntie Mame** Patrick Dennis,2010-08-05

When shy young heir Patrick is orphaned at the age of ten the only family he has is his wealthy and eccentric aunt a New York socialite named Mame Prone to dramatic costumes flights of fancy and expensive whims Mame will raise Patrick the only way she knows how with humour mishaps unforgettable friends and lots of love From progressive schooling and Mame s search for a husband to her short lived literary career and the puncturing of some of Patrick s romances Auntie Mame is the most magnificent and hilarious work of love style wit and the life of a modern American

*Voices from the Hollow* Philip Reid Hirsh,2005 According to popular mythology Appalachia is a mountainous holdover from colonial days an all white outlaw society mired in poverty and cliche jokes about family feuds Hirsh preserves Appalachian history and culture and tells the real story

hilariously funny sometimes poignant always surprising    Demorest's Monthly Magazine ,1885    Losing It All to Sprawl

Bill Belleville,2006-03-27 Losing It All to Sprawl is the poignant chronicle of award winning nature writer Bill Belleville and how he came to understand and love his historic Cracker farmhouse and relic neighborhood in central Florida even as it was all wiped out from under him Belleville s narrative is eloquent informed and impassioned a saga in which tractors and backhoes trample through the woods next to his home in order to build the backbone of Florida sprawl the mall As heavy machinery encircles Belleville and his community the noise growing louder and closer displacing everything Belleville has called home for the past fifteen years he tells a story that is much older 10 000 years older The story stretches back to the Timucua and the Mayaca living in harmony with Florida s environment the conquistadors who expected much from but also feared this land of flowers the turn of the century tourists modernizing and climatizing the state the original Cracker families who lived in Belleville s farmhouse In stark contrast to this millennia long transformation is the whiplash of unbridled growth

and development that threatens the nearby wilderness of the Wekiva River system consuming Belleville's home and ultimately his very sense of place. In Florida one of the nation's fastest growing states and where local and state governments encourage growth balancing use with preservation is an uphill battle. Sprawl spreads into the countryside consuming not just natural lands but Old Florida neighborhoods and their unique history. In *Losing It All to Sprawl* Belleville accounts for the impacts social, political, natural, personal, and community in the crosshairs of unsustainable growth ultimately must bear but he also offers Floridians and anyone facing the blight of urban confusion the hope that can be found in the rediscovery and appreciation of the natural landscape.
