Sun Sand Soapweed:

Views from the Saddle Clark Crouch, 2009-06 An award winning author's fourth book of western and cowboy poetry contains 65 original poems which capture the viewpoints, biases and philosophies that were shaped by the Great Depression and years of drought in the sand hills of Nebraska

Western Images Clark Crouch, 2007-06 The author a prize winning cowboy poet delivers the reality of the West through this his third collection of original western and cowboy poetry His work is pointed toward remembering preserving sharing and celebrating our western and cowboy heritage and traditions The poems are drawn primarily from his experience as a young cowboy in the Sandhills of Nebraska in the 1930's and 1940's They are also influenced by his pre-teen acquaintance with Badger Clark the classic cowboy poet who was then Poet Laureate of South Dakota

Seasonal Movement and Habitat Use by Greater Prairie-chickens in Northeastern Colorado Michael A. Schroeder, 1992

Edible Wild Plants of the Prairie Kelly Kindscher, 1987-07-30 Long before sunflower seeds became a popular snack food they were a foodstuff valued by Native Americans For some 10,000 years from the end of the Pleistocene to the 1800s the indigenous peoples of the plains regarded edible native plants like the sunflower as an important source of food Not only did plants provide sustenance during times of scarcity but they also added variety to what otherwise would have been a monotonous diet of game Nevertheless the use of native plants as food sharply declined when white men settled the Great Plains and imposed their own culture with its differing notions of what was fit to eat Those notions tended to exclude from the accepted diet such plants as soapweed, labrador ground cherry, prairie turnip and prickly pear Today it is strange to think of eating chokecherries which were a key ingredient in that staple of the Indian diet, pemmican Based on plant lore documented by historical and archaeological evidence *Edible Wild Plants of the Prairie* related how 122 plant species were once used as food by the native and immigrant residents on the prairie Written for a broad audience of amateur naturalists, botanists, ethnologists, anthropologists and agronomists this guide is intended to educate the reader about wild plants as food sources to synthesize information on the potential use of native flora as new food crops and to encourage the conservation and cultivation of prairie plants By writing about the edible flora of the American prairie Kelly Kindscher has provided us with the first edible plant book devoted to the region that Walt Whitman called North America's characteristic landscape and the Willa Cather called the floor of the sky In describing how plants were used for food he has drawn upon information concerning tribes that inhabited the prairie bioregion As a consequence his book serves as a handy compendium for readers seeking to learn more about historical uses of plants by Native Americans The book is organized into fifty-one chapters arranged alphabetically by scientific name For those who are interested in finding and identifying the plants the book provides line drawings, distribution maps and botanical and habitat descriptions The ethnobotanical accounts of food use form the major portion of the text but the reader will also find information on the parts of the plants used, harvesting, propagation for home gardeners and the preparation and taste of wild food plants

Special Report, 1992

Sandoz Studies, Volume 1 Renée M. Laegreid, Shannon D. Smith, 2019-07-01 Mari Sandoz born on Mirage Flats south of Hay Springs Nebraska on May 11 1896 was the eldest daughter of Swiss immigrants She experienced firsthand the difficulties and pleasures of the family's remote plains existence and early on developed a strong desire to write Her keen eye for detail combined with meticulous research enabled her to become one of the most valued authorities of her time on the history of the plains and the culture of Native Americans Women in the Writings of Mari Sandoz is the first volume of the Sandoz Studies series a collection of thematically grouped essays that feature writing by and about Mari Sandoz and her work When Sandoz wrote about the women she knew and studied she did not shy away from drawing attention to the sacrifices hardships and disappointments they endured to forge a life in the harsh plains environment But she also wrote about moments of joy friendship and for some a connection to the land that encouraged them to carry on The scholarly essays and writings of Sandoz contained in this book help place her work into broader contexts enriching our understanding of her as an author and as a woman deeply connected to the Sandhills of Nebraska **Zuni Mythology** Ruth Benedict, 1969

This Treasured Land Ivan Terence Sanderson, 1966 *Consultants & Consulting Organizations Directory* Cengage Gale, 2009-05-12 *An Introduction to Navaho Chant Practice* Clyde Kluckhohn, Leland C. Wyman, 1969 Sunset, 1913

Columbia University Contributions to Anthropology Columbia University, 1935 **Eskimo, Navajo, Baganda** Irwin Taylor Sanders, 1953 Tribal Distribution in Oregon Joel Van Meter Berreman, 1937 **The Complete how to Guide to Xeriscaping** Randall D. Schultz, 1999 **Boston Journal of Chemistry and Popular Science Review**, 1899 Forest and Stream, 1914 **Cassier's magazine**, 1900 **Memoirs of the American Anthropological Association** American Anthropological Association, 1969 **Digest; Review of Reviews Incorporating Literary Digest**, 1917
