## **Sundered Realm:**

*The Sundered Realm* Robert E. Vardeman, Victor Milán, 1980     Dragoncrown Emery Garriott, 2015-04-08 A place of great beauty Thuringland and its tributary states exist on the edge of perilous balance of power resources and control Every aspect of life on Thuringland is connected but there are those who will risk that precious equilibrium for their own needs The Dragonlord Seldric bearer of the all powerful Dragoncrown controls the dragons upon which so much of life depends Their fiery breath produces magical coins used for both commerce and energy The dragons protect the realm and enforce control of the tributary lands all are dependent on them Life in Thuringland could not exist without the odious burden of slavery and too many races are considered to be little more than commodities by those in power In the jungle of Sinjer a race of proud warriors fights for survival freedom and dignity The Sinjeryan all female race left the world of men behind to free themselves from oppression but Seldrics demands for tribute women as his protectors and concubines challenges that As one of the proud Sinjery Dragonflyers Seldrics present concubine Trallalair will do anything to end her races odious tribute At Hells Breach an open portal to the underworld from which demons and zombies threaten all life poets wielding magical words fight to save their world When a seemingly unconnected string of events frees the dragons no one is safe from their wrath Can brave champions of many races come together to restore the realms balance of power before it is too late

The Blaise Conjunction Richard Leviton, 2013-07 The councilors had placed a book upon the table its cover pale blue edged in silver The title was The Theosophon They slid it towards me Philomena Wilcox Ph D retired professor of music pianist passionate devotee of Russian composers like Scriabin and Rachmaninov thinks she is merely editing a series of prolix journals by the desert recluse Blaise One day in 2029 she took delivery of 7 000 pages of his arcane diary entries spanning a 20 year period His story what he thinks and writes about is exceedingly odd mystical and perplexing He is anticipating a planetary event to take place in 2033 Soon enough Philomena discovers she impossibly is part of this story in fact will be a keystone in this epochal event It's as if through the journal pages Blaise talks directly to her and pulls her into his world of wisdom angels geomantic patterns and designer planets The pages are encoded with activation triggers Over a three year period she starts to remember her true story her astonishing past It's a nonstop tutorial in the Mysteries Taught by the human Blaise and his angelic mentors also called Blaise seemingly right now in the present moment Except upwards of 35 years or more separate them in the world of linear time Her familiar world starts to fall apart The event is called the Theosophon Blaise writes about it but she designed it That's startling enough but Philomena is astonished to remember that she designed it eons ago in another galaxy The Earth was created as a performance stage for it The Theosophon is a multidimensional musical event involving the collective consciousness of humanity the Earth and the spiritual world The overture of the fulfillment of the purpose of the Earth and humanity Yes Philomena is an integral part of this unique event but it will cost her more than she ever thought possible
