groundwork for the conquest of the American West In *Gallop Toward the Sun* acclaimed author Peter Stark exposes the fundamental conflicts at play through the little known but consequential struggle between two extraordinary leaders William Henry Harrison was born to a prominent Virginia family the son of a signer of the Declaration of Independence He journeyed west became governor of the vast Indiana Territory and sought statehood by attracting settlers and imposing one sided treaties Tecumseh by all accounts one of the nineteenth century s greatest leaders belonged to an honored line of Shawnee warriors and chiefs His father killed while fighting the Virginians flooding into Kentucky extracted a promise from his sons to never give in to the land hungry Americans An eloquent speaker Tecumseh traveled from Minnesota to Florida and west to the Great Plains convincing far flung tribes to join a great confederacy and face down their common enemy Eager to stop U S expansion the British backed Tecumseh s confederacy in a series of battles during the forgotten western front of the War of 1812 that would determine control over the North American continent Tecumseh s brave stand was likely the last chance to protect Indigenous people from U S expansion and prevent the upstart United States from becoming a world power In this fast paced narrative with its sharply drawn characters high stakes diplomacy and bloody battles Peter Stark brings this pivotal moment to life
