Subcommittee on Oversight of Government Management and the District of Columbia, 1996 House documents, 1884 *The Builder*, 1877 **Mermaid Construction** Tasaku Tsunoda, 2020-08-10 This volume provides detailed studies

of the crosslinguistically unusual mermaid construction in seventeen languages of Asia including Modern Standard Japanese and one language of Africa This construction appears to be absent in languages of Europe Oceania and the Americas The name mermaid construction alludes to its paradoxical make up where the structure closely resembling a verb predicate clause ends with what may look like a noun predicate clause Superficially it looks biclausal however syntactically it is monoclausal It has a compound predicate which contains an independent noun a clitic or an affix derived from a noun or a nominalizer Its compound predicate has a modal evidential aspectual temporal stylistic or discourse related meaning The paradox is resolved from a diachronic perspective insofar as a biclausal structure is reanalyzed as a monoclausal one This volume shows how a noun may be reanalyzed to become a constituent of a predicate It constitutes an important contribution to research on grammaticalization and in particular the grammaticalization of nouns and more generally to the typology of syntactic reanalysis

Building Hoover Dam Andrew J. Dunar, Dennis McBride, 2016-06-01 Andrew J Dunar and Dennis McBride skillfully interweave eyewitness accounts of the building of Hoover Dam These stories create the richest existing portrait of the building of Hoover Dam and its tremendous effect on the lives of those involved in its creation the gritty sometimes grisly realities of living in cardboard boxes and tents during several of the hottest Southern Nevada summers on record the fearsome carbon monoxide deaths of tunnel builders who it was claimed had died of pneumonia the uproarious life of nearby Las Vegas versus the tightly controlled existence of the workers in the built overnight confines of Boulder City and of course the astounding accomplishment of building the Dam itself and completing the task not only early but under budget
