**Sunday Origins** Lew White,2017-07-05 Sunday Origins explains how Sun worship transformed itself into Christianity under Constantine The most ancient false worship began at Babel the city built by Nimrod Worshipping creation rather than the Creator men s minds became darkened The host of heaven were used to name the days of the week and so we see the first day is called Sunday The teachings of Babel filtered into the whole world and Sun temples can be found far and wide Today we see Christianity compulsively gathering exactly as the ancient Sun worshipping heathen did and they embrace the same symbols of course the reasons have been changed by syncretism The seventh day of the week was blessed by Yahuah but Constantine would have none of that He worshipped Apollo and issued an edict in 321 that ordered all his empire to

venerate Sunday in honor of the unconquered Sun Sol Invictus or Apollo Christianity obeys him still We are to pray our flight is not in winter or on a Shabath day Mt 24 so getting this corrected prior to His return must be very significant *Gazetteer of the Bombay Presidency ...: pt. 1.
