A Familiar Love English Edition:

Cultural Translations in Medieval Romance Victoria Flood, Megan G. Leitch, 2022 New approaches to this most fluid of medieval genres considering in particular its reception and transmission Romance was the most popular secular literature of the Middle Ages and has been understood most productively as a genre that continually refashioned itself The essays collected in this volume explore the subject of translation both linguistic and cultural in relation to the composition reception and dissemination of romance across the languages of late medieval Britain Ireland and Iceland In taking this multilingual approach this volume proposes a re centring and extension of our understanding of the corpus of medieval Insular romance which although long considered extra canonical has over the previous decades acquired something approaching its own canon a canon which we might now begin to unsettle and of which we might ask new questions The topics of the essays gathered here range from Dafydd ap Gwilym and Walter Map to Melusine and English Trojan narratives and address topics from women and merchants to werewolves and marvels Together they position the study of romance in translation in relation to cross border and cross linguistic transmission and reception and alongside the generic re imaginings of romance both early and late that implicate romance in new linguistic cultural and social networks The volume also shows how even where linguistic translation is not involved we can understand the ways in which romance moved across cultural and social boundaries and incorporated elements of different genres into its own capacious and malleable frame as types of translation in terms of learning or power or both

Marston, Rivalry, Rapprochement, and Jonson Charles Cathcart, 2016-05-06 Significant and unexplored signs of John Marston's literary rivalry with Ben Jonson are investigated here by Charles Cathcart The centrepiece of the book is its argument that the anonymous play The Family of Love sometimes attributed to Thomas Middleton and sometimes to Lording Barry was in part the work of John Marston and that it constitutes a whimsical statement of amity with Jonson The book concerns itself with material rarely or never viewed as part of the Poets War such as the mutual attempted cuckoldings of The Insatiate Countess and the Middle Temple performance of Twelfth Night rather than with texts like Satiromastix and Poetaster long considered in this light
