The Helden Deborah Bickmore, 2013-11-23 THE LAW OF THE TRIBE Revised Edition Held law had been called Senea along with the other firstborn of her tribe was summoned to the Held fortress there to train as a Helden warrior The firstborn would never see family or home again Their lives would be to fight to become the silent unseen guardians of their people Sena trained with Vayhawk the greatest warrior of the Held and this training was in earnest For

other warriors from other lands were coming to claim Seneca's tribe's lands for their own. And the greatest threat came from the Iroquois who carried a power within them, a blackness that could destroy the soul. Seneca realized that they were playing a dangerous game; it was apparent that there was no defense against the foul Iroquois. Only an ancient, forbidden, held practice promised any hope, but it was this very power that made the tribes' people fear the Iroquois, even though their lives depended on the held's protection. Seneca and Vayhawk soon realized they must discover their own kind of battle magic, even as they defended their backs from intrigues within the held.
