The Guardians Of The New World:

The Code of Seven: Book 1—A New World Order Sherina HM,2014-05-05 The Code of Seven is an elite group who can harness tremendous forces to influence events throughout the galaxies Each possesses a power that they don t yet understand or know how to control and their destinies will be revealed in this first book Eva and Nathaniel two of the Code of Seven led ordinary lives until they meet each other The importance of their role is revealed in an upcoming battle that can affect the future meeting of the Code of Seven Together they open a portal that reaches out to the home worlds of the other Code of Seven members but a dark force lingers in the shadows Can the Eva and Nathaniel protect their home worlds from the insidious schemes of this new enemy or will these mystical portals fall into the wrong hands [Exodus to a Brave New World](#) Davin Owen,2016-05-16 Mother Earth is destroyed when the sun mysteriously goes supernova and obliterates the solar system Fortunately the seeds of Old Earth when the animals and specially chosen groups of humans flee through unexplained portals that open all across the globe These few lucky people emerge on a new world that is remarkably similar to their old home but with some startling differences The remnants of humanity quickly set about rebuilding their destroyed society Their efforts bear fruit all across this new world until the evils of Old Earth unexpectedly rears its ugly head and threatens to destroy humanitys new home world Gavin Tolen his boyfriend Topher along with their family and friends band together to fight the evil humans that snuck through the portals alongside the chosen people They use their special powers to combat the fiends that would bath humanitys new home in blood and fire The desperate fight for survival is on and the stakes couldnt be any higher [The New World](#) ,1897 [Navigating a New World](#) Lloyd Axworthy,2003 In [Navigating a New World](#) Lloyd Axworthy charts how we can become active citizens in the demanding world of the twenty first century to make it safer more sustainable and more humane Throughout he emphasizes the human story As we meet refugees from civil war and drought child soldiers and landmine victims the moral imperative is clear this is a deeply compassionate appeal to confront poverty war and environmental disaster Before Lloyd Axworthy entered global politics human security a philosophy calling for global responsibility to the interests of individuals rather than to the interests of the nation state or multi national corporations was a controversial and unfamiliar idea When put into action human security led to an international ban on landmines initiatives to curtail the use of child soldiers and the formation of the International Criminal Court Today with conflict raging across the planet and building the need for a humane secure international governance is more vital than ever So how can Canada reject a world model dominated by U S policy military force and naked self interest How can we rethink a global world from the perspective of people our security our needs our promise our dreams Lloyd Axworthy delivers recommendations that are both practical and radical ranging from staunch Canadian independence from the U S to environmental as well as political security from rules to govern intervention when nations oppress their own citizens to codes of conduct on arms control and war crimes Arresting and provocative [Navigating a New World](#) lays out just why Canada has

the skills to lead the world into a twenty first centuryless nightmarish than the last and help make the world safer and more just for us all This is a call for action from one of Canada s most eloquent statesmen and thinkers and is essential reading for all Canadians Where is the line we draw in setting out the boundaries for being responsible for others Is it simply family and close friends Do we stop at the frontiers of our own country Does our conscience our sense of right or wrong take us as far as the crowded camps of northern Uganda surrounded by land mines attacked repeatedly by an army made largely of child soldiers I believe we in Canada have a special vocation to help in the building of a more secure order We need not be confined to our self interest from Navigating a New World **The Atlantic Monthly** ,1889 The Guardian of Liberty

Sorokin Barry V. Johnston,1995 Pitirim A Sorokin 1889 1968 was

one of the most original important and controversial figures in American sociology His spectacular rise from a peasant childhood in Czarist Russia to the Olympian heights of Harvard University provides an unlikely and fascinating lens for examining the history of an entire discipline And as Barry Johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both Sorokin s life and the tempestuous world of academic politics An outspoken revolutionary and secretary to Alexander Kerensky Sorokin was imprisoned and ordered executed by Lenin then reprieved

and exiled During the 1920s he flourished as a teacher and scholar at the University of Minnesota where he published several pioneering books on the Russian Revolution social mobility sociological theory and rural sociology Harvard president A Lawrence Lowell was so impressed that he recruited Sorokin to chair the university s first department of sociology From 1930 to 1944 the department prospered under Sorokin s leadership attracting an entire generation of young scholars who in their own right would have a profound impact on the discipline In this period Sorokin published several volumes of his magnum opus Social and Cultural Dynamics and became embroiled in a bitter battle with rival Talcott Parsons for control of the department Parsons ultimately deposed Sorokin and transformed sociology into the Department of Social Relations Sorokin nevertheless stayed on at Harvard where he established the Center for Creative Altruism but otherwise continued to work in relative obscurity Finally in 1963 after years in eclipse Sorokin was recognized for his accomplishments when he was elected president of the American Sociological Association During a long and distinguished career Sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field At the same time he broke with the conventions of sociology frequently ridiculing and taunting his less adventurous colleagues For his heresy the flamboyant Sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science As a result Sorokin s ideas have been consistently ignored and misunderstood for more than a quarter century Based on exhaustive research in Sorokin s papers and the Harvard archives as well as interviews with Sorokin s surviving family members former students and colleagues this biography restores Sorokin to his rightful place in the pantheon of American intellectuals
