The Hand And The Horoscope:

The Hand and the Horoscope Fred Gettings,1973 *The Hand Reveals* Dylan Warren-Davis,2021-03-31 Cheiromancy is the art of handreading in which all aspects of a person s hand are considered in order to gain an accurate picture of their inner nature Cheiromancy is distinct from the fortune telling of palmistry What has come down to us as palmistry today is a rather degenerate and effete form of this ancient discipline The word cheiromancy comes from the Greek chir meaning hand and manteia meaning divination literally meaning divination through the hand The Hand Reveals is written as a practical guide to reading hands it is not merely theoretical As various points are described through out the book try to apply this knowledge at every opportunity to find confirmation of the ideas There is a considerable amount of knowledge and information compressed into these pages and even the most diligent student would have difficulty in digesting it in one reading It is recommended that you refer back as often as necessary to go the material you have read to allow your understanding of cheiromancy to grow gradually Originally published in 1990 this edition has been revised and updated with new material **The Astrologer's Magazine** ,1895 Astrology, Your Daily Horoscope ,1957 Words of Destiny Caterina Guenzi,2021-03-01 Astrologers play an important role in Indian society but there are very few studies on their social identity and professional practices Based on extensive fieldwork carried out in the city of Banaras Words of Destiny shows how the Brahmanical scholarly tradition of astral sciences jyoti stra described in Sanskrit literature and taught at universities has been adapted and reformulated to meet the needs and questions of educated middle and upper classes in urban India How to get a career promotion How to choose the most suitable field of study for children When is the best moment to move into a new house The study of astrology challenges ready made assumptions about the boundaries between science and superstition rationality and magic Rather than judging the validity of astrology as a knowledge system Caterina Guenzi explores astrological counseling as a social practice and how it works from within for both astrologers and their clients She examines the points of view of those who use astrology either as a way of earning their living or as a means through which to solve problems and make decisions concluding that because astrology combines mathematical calculations and astronomical observations with ritual practices it provides educated urban families with an idiom through which modern science and devotional Hinduism can be subsumed **The Horoscope** Rollo Ireton,1903 The Astrological Magazine ,1991 *Lal Kitab (Red Book of Astrology)* Beni Madhav Goswami,Laxi Kant Vashisth,2022-12-27 Lal Kitab was christened thus due to its red outer cover probably keeping in view the auspiciousness of the colour in hindu mythology This book deals with the oceanic knowledge of occult a science based on palmistry phrenology and other associated fields Though it is a part and parcel of Vedic astrology its contours are different and has its own grammar For Example the house of ascendant would always be No 1 irrespective of the position of the planets *Modern Astrology* ,1891 Chaldean Astrology Up to Date George Wilde,1901 *A treatise of natal astrology, by G.
